## Animal Information:

This term/condition does not apply to siblings, who may show each other's animals at any show during the year without jeopardizing State Fair eligibility, regardless of whether the sibling is a 4-H member or not.
- ALL animals must be identified and entered in the online system 4H Online. All lease forms must be turned into the Purdue Extension Elkhart County office by May 15, 2024 and will not be uploaded online. All DNA must be turned in by the above deadlines as well. \*Elkhart County follows the Indiana State Fair ID requirements, but this doesn't guarantee that animals can be exhibited at the State Fair. - Each 4-H member who is participating in Beef, Dairy, Sheep, Goat, Swine, Rabbit, Poultry, Dairy Feeder projects will need to complete the new Purdue Quality Assurance program or Youth for the Quality care of Animals(YQCA). Exhibitors must have a current certification in order to comply with Indiana 4-H policy. In order to exhibit/show at the Elkhart County 4-H Fair, the Purdue Quality Assurance course or, YQCA certification program needs to be completed by JUNE 15 of the current year. There are two ways to complete this training, instructor led or via an online course. Youth for the Quality Care of Animals can only be completed online. - All goats brought from another state for the 4-H show must have health papers certified by a licensed veterinarian. NO EXCEPTIONS!

## 4-Her Born and Raised Classification:

- The goat must be born to a doe that the 4-Her owns at the time of breeding..
