General Information

THIS HANDBOOK IS IMPORTANT...

This handbook is your guide to all aspects of the 4-H program this year. It details the requirements for each 4-H project. Hancock County generally follows the Indiana State Fair rules concerning 4-H project requirements. Any local variation of policies will be stated in this handbook or the Hancock County 4-H Fair Book. For non-State Fair projects, all rules originate at the local level. For the most up to date version of this book, download a copy from our website.

What is 4-H?

4-H is a leader in youth development, which began on the local level in response to evolving needs for new kinds of educational experiences for youth. From the beginning, this youth-serving organization offered “hands-on” learning activities for young people so they might become productive citizens. Youth participants in 4-H activities have opportunities to offer positive contributions to our diverse and changing society.

4-H uses the far-reaching Cooperative Extension System network to offer youth programs and activities to diverse groups of young people in all 3,150 counties across our nation.

WHO CAN BE A 4-HER?

Membership in 4-H is open to youth in grades 3-12. They may continue their membership for a maximum of 10 years. Membership in Mini 4-H is open to any youth in grades Kindergarten–grade 2. Opportunities in the 4-H program are available to all Indiana youth as defined regardless of race, religion, color, sex, national origin or disability.

You can join 4-H in any area of the county that you wish, but generally people join in the township where the children attend school or where they live as they want to be with their friends and attend meetings close to home. The list of 4-H clubs in this book contains the leader names and phone numbers.

4-H INFO TO KNOW...

4-H PLEDGE:

I pledge my **HEAD** to clearer thinking

My **HEART** to greater loyalty

My **HANDS** to larger service

My **HEALTH** to better living for my Club, my Community, my Country and my World.

4-H MOTTO: "To Make the Best Better"

4-H COLORS: Green and White

4-H SLOGAN: "Learn by Doing"

THE 4 H's:

- **HEAD:** Learning to think, making decisions, understanding the "whys", and gaining new and valuable knowledge.
- **HEART:** Being concerned with the welfare of others, accepting the responsibilities of citizenship, determining the values and attitudes by which to live, and learning how to work with others.
- **HANDS:** Learning new skills, perfecting skills already known, and developing pride in work and respect for it.
- **HEALTH:** Practicing healthful living, protecting the well-being of self and others, and making constructive use of leisure time.

Philosophy of Judging

Message to 4-H Parents and Leaders:

Each child is an individual of utmost importance. Keeping this in mind, the parent and leader should try to make 4-H a positive learning experience. Part of this experience is the 4-H exhibit. The exhibit is not an end in itself nor does it measure all the learning that takes place in the 4-H project. The exhibit is only one measure of success. Self-recognition, self-satisfaction and the learning from completing the project are important rewards.

Discuss the purpose of judging with the 4-Hers:

- To evaluate the exhibit that is an example of the child's work.
- To help each member see the progress he/she has made and put judging results in perspective.
- Be familiar with the guidelines or criteria of the 4-H project that is to be judged.
- Stress that judging comments can be helpful, but they are only one person's evaluation.
- In competition, avoid overemphasizing the winner. Help the child accept the results of the competition and realize that everyone is a winner through his or her own accomplishments.

Message to the 4-Her:

- Judging is a learning experience. From it, you can learn what you did well and how you can improve. An exhibit does not measure all you have learned, but it is an example showing what you have done.
- Learn good sportsmanship.
- Accept constructive criticism.
- Remember, judging comments can be helpful, but they are only one person's evaluation.
- Realize that people sometimes make mistakes.

INTERESTED IN BECOMING A 4-H LEADER?

Hancock County 4-H exists because of faithful volunteers. We are continually looking for individuals who would like to serve as club leaders, project superintendents, or volunteers. For more information, please contact the Purdue Extension Hancock County Office. (See first page of this handbook for contact information.)

INDIANA 4-H PROGRAM STATEMENT OF POLICY

The Indiana 4-H Program Philosophy and Expectations: The Indiana 4-H program serves the youth of Indiana by providing a strong educational youth development program. This program delivers educational experiences in a variety of settings. Caring, capable and contributing adults assist in the 4-H program as models for youth. The rich heritage of the 4-H Program is one to be valued and passed along to future generations. The Indiana 4-H Youth Policy and Procedures Book sets out certain standards and guidelines to be used to assure that 4-H is a positive youth development program. County 4-H policy is guided by the county 4-H policy making or governing board (i.e., 4-H Council) as provided by the County Extension Board. Legal authority for the 4-H Program rests with the Director of the Cooperative Extension Service at Purdue University. No county 4-H policy may conflict with state 4-H policy or with federal guidelines and requirements. Deadlines for county and state participation should be carefully constructed so as to encourage rather than to discourage participation. Such deadlines should be well published. Members not complying with established and published dates and deadlines for exhibition may be denied the opportunity to exhibit. It is the policy of 4-H to be an inclusive organization. No county policy or practice should be used to arbitrarily exclude youth from either membership or participation. Youth should participate in 4-H Youth Development opportunities at levels and times that best suit the youth's development and support family involvement.

4-H Mission and Vision: 4-H Mission: The Indiana 4-H Youth Development mission is to provide real-life educational opportunities that develop young people who positively impact their community and world. **4-H Vision:** Indiana 4-H Youth Development strives to be the premier, community-based program empowering young people to reach their full potential.

4-H Club Membership: Youth may become 4-H members when they enter the third grade and may continue their membership through the completion of grade 12. Each individual may continue membership for a maximum of ten (10) consecutive years.

Exceptions:

1. Youth who enroll in 3rd grade and are advanced academically (thus graduating early) may continue for a total of 10 years ONLY if the enrollment occurs in consecutive years.
2. Those youth who are academically advanced and "skip" 3rd grade, may begin the program as a 4th grader and may continue for a total of 10 years ONLY if the enrollment occurs in consecutive years.
3. Those youth who enroll in 3rd grade and are retained a grade in school may continue to progress through the 4-H Program by adding subsequent years of participation, but MAY NOT exceed 10 years of participation. For example, if a member is retained one year in school (public, private or home) their final year of 4-H membership would conclude the summer following their junior year of high school.
4. Those youth who entered the program in 3rd grade and, for one reason or another, leave formal education prior to the completion of 12th grade may continue for a total of 10 years ONLY if the enrollment occurs in consecutive years. Additional exceptions may be requested from the State Program Leader.
5. NOTE: 10 years of membership in the 4-H Youth Development is an opportunity --- not an entitlement. Those youth who do not enroll as 3rd grade students or meet the exceptions above, conclude their involvement with the program during the summer immediately following the completion of their senior year in high school.
6. An individual's 4-H grade is determined by the school grade in which he or she is classified regardless of the time of year he or she enrolls in 4-H. A member does not advance in 4-H grade until he or she enrolls in 4-H for the subsequent school year. Each member should enroll in the division of a project that would best suit his/her interest and potential for personal growth and would enhance their family involvement.

7. Opportunities in the 4-H program are available to all Indiana youth as defined regardless of race, religion, color, sex, national origin, marital status, parental status, sexual orientation or disability. Married young men and women of 4-H age may participate in any of the 4-H projects and activities. However, married persons must participate by the same terms and conditions and/or guidelines as unmarried participants.
8. Membership in 4-H is gained by annually enrolling through a Purdue University Cooperative Extension Service Office located in each of Indiana's 92 counties. The Indiana 4-H Youth Development program year is October 1st to September 30th annually. Enrollment is an annual process attained by completing individual 4-H enrollment via the 4-H Online enrollment process. Statewide 4-H Online enrollment occurs annually October 1st through January 15th.

Mini 4-H Non-Competitive Policy: Mini 4-H is a program designed to encourage positive development of children, Kindergarten through second grade. The goal of Mini 4-H is to help young children explore friendships outside the family; explore the way in which things work; practice both small and large muscle control and think about the ways people work together on projects.

The NON-COMPETITIVE learning environment for Mini 4-H includes:

1. Planned learning activities in which children are invited to be active and explore materials and ideas without the pressure of completing a specific product or exhibit.
2. Low adult/leader to child ratio that allows time for adults/leaders to provide individual, positive encouragement and assistance.
3. Simple, interesting activities that are fun.
4. Encouragement of children to participate in a group activity by sharing and or displaying their activity projects.
5. Rewards that are identical and/or ribbons of the same color for everyone. DO NOT JUDGE projects, but instead discuss them with the child.

NOTE: Purdue University and the Indiana 4-H Youth Development Program do not support, endorse or encourage 4-H programming for children prior to Kindergarten. 4-H Youth Development Extension staff members and 4-H Volunteers may not offer, or encourage others to offer, programming for children prior to Kindergarten.

Youth needing Special Accommodations: 4-H programs should be designed to consider the needs of participants to create a sense of belonging and feeling of inclusion among all youth. Accommodations may include youth with special needs (e.g., cognitive, learning, physical differences), or there may be other accommodations requested. For accommodations or requests, please contact the Purdue Extension 4-H Youth Educator. Purdue Extension meets all reasonable accommodation requests.

Residence: Indiana youth typically enroll in 4-H Youth Development programs in the county or state in which they reside. However, individuals living in one county may join 4-H in another county. There must be educational or social reasons for an individual joining 4-H in a different county than that of their primary residence.

During a single program year, a 4-H member enrolled in a given project may enroll and exhibit that project only in one county or state of enrollment.

In the event that a project is not offered in the county of primary 4-H enrollment, a 4-H member may enroll in that specific project in a different county. Approval of this special exception rests with the 4-H Extension Educator in consultation with the State 4-H Office. Participation in 4-H related activities and events (i.e., judging, performing arts, auction) must be in the county of primary 4-H enrollment.

The above policy is not intended to provide an escape mechanism for 4-H members and families who are unwilling to follow the terms and/or conditions in their current county of 4-H membership. Decisions regarding 4-H membership in a non-resident county (a county you do not live in), rest with the 4-H Extension Educator in the receiving county in consultation with the State 4-H Office.

Behavioral Criteria for 4-H Events and Activities: *(Recommend distributing with health forms for trips/activities.)*
To 4-H members, volunteers, parents and the public: When attending, participating or acting on behalf of the 4-H program, all persons are expected to conduct themselves in accordance with accepted

standards of social behavior, to respect rights of others, and to refrain from any conduct which may be injurious to the 4-H program. **The following actions constitute misconduct for which persons may be subject to disciplinary penalties and/or dismissal from the program:** (a) Dishonesty in connection with any 4-H activity by cheating or knowingly furnishing false information. (b) Alteration or unauthorized use of 4-H records. (c) Obstruction or disruption of any 4-H activity or aiding and encouraging other persons to engage in such conduct. (d) Failure to comply or aiding or encouraging other persons not to comply with specific terms and conditions of a given project, contest, or activity. (e) Failure to comply with directions of 4-H officials acting in the proper performance of their duties. (f) Inhumane treatment of 4-H animal projects.

There are many opportunities for 4-H members, volunteers, parents and the public to participate in 4-H events and activities. When involved in such experiences, members, volunteers, parents and the public are expected to follow all rules and regulations as outlined by those responsible for the specific program or activity. In all such 4-H activities, the following constitute a violation of behavioral expectations: 1. Possession or use of fire crackers, gun powder, firearms, chemicals or other materials that can be used to create an explosive mixture. 2. Misuse of fire equipment or sounding a false fire alarm. 3. Having a guest of a different gender in your sleeping quarters, or inappropriate sexual behavior. 4. Physical or verbal abuse of any person or conduct which threatens or endangers the health or safety of any person. 5. Theft of or malicious damage to property. 6. Possession, use, or distribution of alcohol, illegal drugs, tobacco and tobacco-like products, electronic smoking devices (including, but not limited to, e-cigs, vapes, juuls), or other dangerous substances. 7. Inappropriate displays of affection towards another person(s). 8. Distribution, misuse, or abuse of over-the-counter, homeopathic (including supplements and vitamins), or prescription medications. 9. Inappropriate clothing or lack of clothing during the event or activity. 10. Lewd, indecent, or obscene conduct or language. 11. Unauthorized entry, use or occupancy of any facility. 12. Any conduct which threatens or interferes with maintenance of appropriate order and discipline or invades the rights of others. 13. Unwillingness to follow appropriate health and safety procedures. 14. Reckless or inappropriate behavior.

When violations occur at out-of-county, district, area, and/or state and/or national 4-H events, the following procedures will be followed. (a) The parents/legal guardians will be contacted to arrange transportation home for the violator(s) and (b) The local extension educator will be notified.

Guidelines for Exhibition and Completion: Following are policies that govern exhibition and completion of 4-H Projects:

Exhibition: Exhibition of 4-H projects/subjects in local, county, or state exhibits/fairs is voluntary on the part of the exhibitor. The exhibition of 4-H projects/subjects provides 4-H members an opportunity to display their 4-H projects/subjects, enter into competition, and participate in an educational/social environment with peers. With exhibition also comes the responsibility for abiding by all the terms and conditions pertaining to the respective 4-H project.

Completion: The completion of a 4-H experience may include a variety of options and must not be misinterpreted solely as exhibition of a project at a local, county, or state fair. There are a number of ways that a young person may participate in the 4-H Youth Development Program in addition to the club-based option. Participating in these 4-H opportunities enable the youth to build skills that will serve them well throughout their adult lives. Some of these participation options do not include the preparation of a specific exhibit by an individual that would be on display at a fair or similar event. In some cases, the youths' actual participation may be the final product that results in their completion of a year of 4-H. Some examples of this participation include competing on a 4-H judging team; completing a Spark Club experience; participating in State 4-H Band or Chorus; participating in an after school 4-H experience; etc. 4-H members are considered complete in their 4-H educational experience for the year when they have (1) completed the 4-H member enrollment process prior to the established and published date for enrolling; and (2) had an officially recognized 4-H volunteer/Extension Educator verify the existence of the completed project/subject or the member's participation in a 4-H educational experience.

Though exhibiting in local, county, and state exhibits/fairs is not required for project completion, as it does not necessarily relate directly to content and skills learned in the development of the 4-H project, project exhibition is encouraged as a continuation of the educational experience.

Guidelines for Exhibits: 4-H project exhibitions occur through a variety of methods: county fairs, career development events, and other statewide competitive events. The following statewide deadlines will be followed by all county programs annually:

- May 15 – All animals requiring 4-H Animal Identification (as accordance with Board of Animal Health regulations) must be identified in 4-H Online
 - 4-H'ers exhibiting beef cattle, dairy cattle, swine, sheep, meat goats, dairy goats, poultry and rabbits must complete Indiana 4-H Quality Livestock Care or Youth for the Quality Care for Animals (YQCA) prior to June 1.

- All exhibits must be entered into FairEntry for the county of exhibition. This serves as the “drop/add” deadline for 4-H projects.
 - Livestock projects must identify classes of exhibition one week prior to the first livestock check in. Those missing this deadline may exhibit and will have opportunities to receive feedback from the judge. Youth may still participate fully in showmanship classes.
 - Non-livestock projects must identify classes of exhibition one week prior to the first building project check in. Those missing the deadline may compete and the highest placing is “blue.” Counties should correct mistakes in classes in FairEntry when mistakes are made by 4-H members.
- The intent for this deadline is for individuals who make no attempt to complete FairEntry by the county’s selected date. Counties may use their discretion as to the attempt made by individuals.
- Note: the May 15 deadline referenced above will be extended to the following business day in a year when May 15 falls on a weekend or holiday.

Guidelines for Animal Exhibits: Each 4-H member shall own his/her 4-H exhibit. Ownership, personal possession, and regular care of the animal must be in effect on or before the county and state enrollment deadlines and continuously until after the 4-H show at the county and/or state fair.

1. For 4-H breeding animals: family corporations and/or partnerships of 4-H members with one or more parents, siblings, grandparents, aunts, uncles, or legal guardians are acceptable.
2. For 4-H dairy cattle: family corporations and/or partnerships of the 4-H member with unrelated persons or dairy operations are also acceptable.
3. Dairy cows (as long as the animal is being shown by same 4-H'er from 2020 and forward) and heifers, horses, ponies, alpacas and llamas may be leased subject to approval of both the county 4-H dairy, horse and pony, or llama committee and the respective County Extension Educator. 4-H animals (horse and pony, dairy, alpacas and llamas are only eligible to be leased by a single 4-H member in a 4-H program year.
4. 4-H animals are expected to be in the possession and regular care of the 4-H member who owns/ leases them (unless other arrangements have been agreed upon by the County 4-H Extension Educator) from the animal ID deadline until the conclusion of the county and/or state fair.
5. 4-H market animals and commercial animals must be individually identified and verified under the supervision of the county 4-H program at county identification events by May 15th each year (or the following business day if the 15th falls on a weekend or holiday). These species include market lambs and commercial ewes, dairy wethers, dairy feeder steers, dairy beef steers, beef steers, market and commercial heifers, meat goat wethers, and market wether dams.
6. 4-H animals purchased, sold or offered for sale after the ID deadline and prior to the Indiana State Fair (including animals that have gone through a "Premium Only Auction"), shall not be eligible to show in the 4-H show at the Indiana State Fair. Sale of products of animals (milk, cheese, wool, etc.) in lieu of the animal, are considered equivalent to a "Premium Only Auction."
7. 4-H animals exhibited after the May 15 (or the following business day if the 15th falls on a weekend or holiday) State 4-H animal ID deadline at any show by anyone other than the individual whose 4-H enrollment record is connected to the ID of the animal in Indiana 4-H Online will not be eligible to be shown in the 4-H show at the Indiana State Fair. This term/condition does not apply to siblings, who may show each other’s animals at any show during the year without jeopardizing State Fair eligibility. 4-H animals that are selected by 4-H Extension Staff or 4-H Adult Volunteers for use in supreme showmanship contests (Master Showmanship, Round Robin, etc.) may be used in those county events without jeopardizing State Fair eligibility. This policy applies to all 4-H animal projects. For animal projects without state ID deadlines, the person who enters them in the Indiana State Fair 4-H show is the equivalent of the owner of the animals.
8. Temporary guardianships established for the intent of animal exhibition or grooming purposes are not permitted and shall result in immediate disqualification.

Grievance/Appeal Guidelines for County 4-H Program Issues (Activities, Programs, Projects) The grievance procedures outlined in this document are utilized as part of an internal process of the Indiana 4-H Youth Development program when grievances of 4-H members, their parents/guardians, or 4-H volunteers cannot be resolved via reasonable conversation. This policy affords the opportunity in those unique situations to allow voice or opinion to be heard when there is a dispute regarding 4-H participation, activities or programs. This is not a mechanism for complaints against individual 4-H members (or their families), 4-H volunteers, judging officials for competitive events, or Purdue Extension staff. All resulting decisions will be made in accordance with the Indiana 4-H Program's stated mission to be an inclusive organization designed to encourage and maximize youth participation. The rights of the individual filing the grievance are limited to those provided by Indiana 4-H Program policy.

Purdue University, as the Land Grant University in Indiana, is charged (by the United States Department of Agriculture) with implementing the 4-H Program in communities across the State of Indiana.

Purdue Extension Educators in each Indiana county represent the university in local communities and have the responsibility of assuring all 4-H volunteers meet basic university criteria as they serve as representatives of the university. Purdue Extension Educators additionally provide oversight to 4-H volunteers including the assurance that Indiana 4-H Policies and Procedures are appropriately implemented in 4-H Program delivery.

Individual county 4-H policies and procedures should be created and reviewed to assure they do not contradict established statewide 4-H policies and procedures. If a contradiction is discovered during the grievance process, Indiana 4-H Program policy shall be followed in determining the grievance outcome.

1. Grievances are made by completing the Indiana 4-H Grievance/Appeal form with the burden of proof being the responsibility of the individual filing the The completed grievance/appeal form and supporting documentation shall be presented to the president of the 4-H policy-making body (e.g., 4-H Council) or the Purdue Extension Educator who works with the 4-H Program. (NOTE: concerns regarding staff, volunteers, members, or other individuals are not issues for which a grievance may be filed. 4-H volunteers are assigned by the 4-H Extension Educator. Concerns regarding 4-H volunteers, members, or other individuals should be addressed directly with the Purdue 4-H Extension Educator.)
2. Grievances pertaining to 4-H activities, programs or projects shall be filed within 14 days of an incident or Grievances pertaining to county fair related issues are often time-sensitive and must be filed within 24 hours of the incident.
3. The grievance process occurs in the county where the issue or concern arises and offers two opportunities for a concern to be heard and reviewed.
 - A. The grievance is initially heard by an unbiased, representative grievance sub-committee of approved 4-H Volunteers. It is the Purdue Extension Educator assigned to 4-H Programming who shall annually work with the chair of the county 4-H Council to determine this committee's membership to include a combination of 3-6 of the following individuals: one representative of the 4-H Council; two 4-H volunteers serving as a 4-H club organizational leader; one member of the County Extension Board; one 4-H volunteer knowledgeable in the subject matter (project) of concern (this individual will vary dependent on the issue raised with the grievance); one youth representative; and up to three community leaders. The Purdue Extension Educator assigned to 4-H shall convene the group.
 - B. The person filing a grievance may appeal a decision of the 4-H Grievance Committee to the State 4-H Program Leader or The Program Leader or designee will review the facts in evidence and render a decision. This is the second and final level in the appeal process.

** The intent of a two-level process is to assure different individuals have the opportunity to hear and act on the grievance. ALL individuals involved at any level of the grievance procedure are reminded of the importance of keeping discussions regarding grievances confidential.

To maintain the confidentiality of the parties involved, the grievance hearings at each level will be closed to the public. Only the individuals who have filed the grievance, the members of the grievance committee, and the Purdue Extension Educators will be present during each level of the grievance process, ***The grievance process is internal to the Indiana 4-H Youth Development Program and meetings of the grievance committees are not subject to Indiana's Open-Door Policy.

The Purdue Extension Educator assigned to work with the 4-H Program has the obligation to inform all parties that there is a grievance procedure if there are disagreements with policies. Hancock County will utilize the Indiana 4-H Grievance/Appeal Form as part of the grievance process.

2024 4-H EXHIBIT HALL JUDGING

All judging will be open judging, which means that the 4-H'er will have the opportunity to ask questions of the judge and the judge will have the opportunity to ask questions of the 4-H'er. The process should be beneficial as the judge will understand exactly what the 4-H'er is trying to accomplish with their project. The 4-H'er will be provided with feedback from the judge in a positive manner that should allow the 4-H'er to understand all of the skills they have done well, along with some helpful hints for next year's project.

4-H LIVESTOCK EXHIBITOR AUCTION

Chairman: Tim Lewis 317-502-1556, timclewis44@gmail.com
Auction will be Friday, June 28, 2024 at 6:00 pm

GENERAL AND BIDDER INFORMATION

- Although the livestock auction continues to represent 4-H livestock participants and their accomplishments, no animals will be exhibited in or sold through the Livestock Exhibitor Auction. Each 4-Her participating in the auction will represent an animal from the livestock project in which he or she exhibited and which animal has been sold to market for slaughter. Participating 4-Hers will receive the appraised value of their animal so bidders will bid a flat dollar premium amount to be paid directly to the 4-Her by the bidder. ALL BIDS are final, as designated by the auctioneer.
- **An exhibitor selling in the auction must be physically present to represent his or her animal in the sale.** Youth may submit a request form to the Hancock County 4-H Ag Association's Livestock Superintendent prior to the fair asking to be excused but must provide a designee that will represent them in the auction. Requests may be approved or denied based on the nature of the excuse.
- Bidders are responsible to ensure payment of the premium amount to the 4-Her. Group bidding is encouraged; however, no add-ons are permitted after the final auction hammer price (i.e. premium amount) has been established. If an individual wishes to give an additional amount to a particular 4-Her, please do so after the entire auction has concluded to be fair to those generous bidders willing to pay the hammer price.
- The 4-H Livestock Exhibitor Auction will be held during the 4-H Fair in the Show Arena.
- Animals sold in the auction will be Beef, Goats, Swine, Sheep, Rabbits, Meat Birds, Poultry and a Block of Cheese. Sale order TBD. Dairy Steers are not eligible for the livestock auction due to market truck restrictions.

PARTICIPANT AND AUCTION INFORMATION

- No animals will go through the Livestock Exhibitor Auction, only the participating 4-H members.
- **An animal entered in the sale will be marked SOLD in 4Honline and will be ineligible for Indiana State Fair even in cases where the animal goes home with the 4-H member.**
- Please refer to the rules section of your species for additional information and specie-specific auction rules.
- The term "sale animal" shall refer to the animal which the 4-Her is selling to market for slaughter in order to participate in the Livestock Exhibitor Auction. In this section the term "sale" or "sell" shall refer to the disposition of the sale animal to slaughter.
- A 4-H member may participate in the Livestock Exhibitor Auction in only one specie each year (i.e., 1 steer, 1 swine, 1 market lamb, 1 market goat, 1 rabbit pen, 1 poultry pen or cheese).
- In order to participate in the Livestock Exhibitor Auction, a 4-H member must sell an animal, owned and shown by said 4-Her, from the species in which he or she participated; provided however, 4-H members may sell additional animals of any species ("extra" or "extras") to market rather than taking them home. Only animals shown in the market classes, except swine, are eligible to sale.
- **ALL SALE ENTRIES AND EXTRA ANIMAL ENTRIES ARE DUE AT ANIMAL WEIGH-IN and must be made on Sale Entry Forms available at weigh-in.**
- Substitutions of sale animals and extra entries may be made up to one hour after each species show for Grand and Reserve Grand Champions only. Any animal withdrawn cannot be reinstated to sell. The fee will be deducted from the market check (appraisal price) payable to the 4-Her. Appraisal checks are expected to be mailed within thirty (30) days after auction. In 2024, this fee will be covered by the Hancock County 4-H Agricultural Association.
- The Livestock Exhibitor Auction Committee reserves the right to reject any sale animal or extra it deems sick, inferior, tainted, unqualified or for any other reason deemed appropriate by the Livestock Exhibitor Auction Committee Chairperson or his designee. Specifically, but without limitation, no sale animal or extra shall have any substance present or alteration that:

Removal of the identification thereafter will result in the 4-Her's immediate disqualification from the auction for that year.
- Grand Champion animal exhibitors designating said animal to sell shall be ordered in the auction in the position of their choice but only during the time that specie is selling. CAGE DECORATION/CAT COSTUME CONTEST/CAT SHOWMANSHIP/KNOWLEDGE CONTESTS

- PLEASE NOTE: – the cat cage decoration contest will no longer follow the Indiana State 4-H Fair Cat Show Rules, these rules will **ONLY** apply to the Hancock County 4-H Cat Show.
- Cat cage decoration, cat costume and showmanship/ knowledge contests are optional activities that will be held during the county 4-H Cat Show.
- The same judge will be used for the Cat Show, Showmanship and Cage Decoration/Cat Costume Contest.
- Members must exhibit their cat in the Cat Show to be eligible to participate in the Cage Decoration, Cat Costume and Showmanship/Knowledge Contests.
- Just as with the classes for the Cat Show, members will be divided into the same 3 divisions: **Junior: Grades 3-5; Intermediate: Grades 6-8 and Senior: Grades 9-12.** Each member will either receive a blue honor/blue/red/white ribbon. A Champion and Reserve Champion will be selected from each age division. A Grand and Reserve Grand Champion will be selected from the division champions for each contest.

- Members may choose to coordinate a theme for the cage decoration and costume contest, or they choose separate themes. The member may also choose to wear a costume as well for either or both contests. Members are free to choose any theme as long as it is deemed appropriate for a 4-H contest (examples NOT allowed: reference to anything illegal, alcohol, cigarettes, weapons, etc.) The county 4-H Cat project superintendent will make the final decision if a cage decoration and/or costumes are appropriate. Please feel free to check with superintendent prior to the show if there is any question. Be sure to take in consideration the comfort for both the member and the cat since the contest will be outside in a covered but not enclosed building.
- Members must use a cage or animal carrier that would fit on a table (6 ft. tables are usually used and shared with 2-3 other members). If you wish, you may bring your own table but it would need to be no larger than a card table size. Your entire display cannot be more that 4' x 4' in size and unlimited in height. This rule will apply for members that are only showing in the Cat Show as well as the Cage Decoration/Costume Contests.
- Cage decoration will be judged on the following criteria: originality/imagination, health/safety/comfort of the cat (must include something to hold water, cat food and cat litter that ties into the theme), color coordination, both sides, back and top of cage is covered in some way so the cat cannot see other cats, appropriateness to theme and if applicable, how well costume(s) tie in with theme of cage decoration.
- Cat Costume Contest has the same rules for Cage Decoration, the theme must be deemed appropriate. The costume for the cat must be safe for the cat to wear, and the cat only needs to wear the costume during the judging of costume contest. If a member wears a costume, it must be appropriate for a 4-H contest (example: no strapless, short or sheer outfits). The contest will be judged on: creativity/originality, color coordination, safety of both cat and member and if applicable, how theme goes with cage decoration.

“FOR FUN” CAT CONTESTS

- If time is allowed, classes for fun will be available for both adult cats and kittens: Longest Tail, Shortest Tail, Heaviest/Largest, Smallest/Lightest, Most Grumpy and Most Relaxed.

The safety and well-being of 4-H members and volunteers is a primary concern with all Indiana 4-H Program opportunities. Refer to Indiana 4-H Aggressive Dog Policy at <http://extension.purdue.edu/4h> for additional guidelines.

EXHIBIT GUIDELINES

- All dogs must be six months of age or over by **first training meeting**.
- All dogs must attend training meetings - starting dates TBA.
- Each owner is responsible for the actions and temperament of their dog and should always be in control of their dog. A dog that in any way threatens the safety of any 4-Her, a leader or another dog will be dismissed from the program. Please see **Indiana 4-H Aggressive Dog Policy** at the end of the Dog section.

All dogs must wear a well fitted slip, buckle, or martingale collar made of leather, fabric or chain in order to be exhibited in obedience classes. The leash may be made of fabric or leather and must be six (6) feet in length. Collar tags will not be allowed in the 4-H show. 4-H dogs being raised for the Service Dog program are exempt from the collar tags. Head halters (Gentle Leaders) are useful training tools and are acceptable in the 4-H training program. However, the head halter is not acceptable show equipment.

- A dog being shown in the dog obedience project must belong to the exhibitor or to a member of the immediate family or household. Ownership is waived on 4-H dogs raised for the Service Dog program.
- A 4-H dog shown in Showmanship and Agility must also be shown in a 4-H Obedience class by the same exhibitor.
- The project superintendents have the right to dismiss a 4-Her from the class if he/she mistreats his/her dog, if the dog shows viciousness in any way, or if the 4-Her cannot control the dog.
- CLASS 1A is only open to 4-H exhibitors and dogs who are both in their first year of the project. Any 4-H'er or dog with training before January 1st, this year, must show in CLASS 1B or HIGHER.
- The 4-H member may not move back to a lower class than the one they entered in previous years, with the same dog.
- A dog, fouling in the ring, will receive an automatic ten (10) point deduction in score. The same penalty applies to showmanship dogs. Refer to agility section for agility rules.
- Commercial advertisement or insignia on 4-H exhibitors is PROHIBITED during the dog show; however, the 4-H clover is permitted. 4-H dogs being raised for the handicapped are exempt.
- Treats are allowed the day of the show in **showmanship classes only**.

PLEASE NOTE: Certain required vaccinations have not been proven effective in wolf-hybrids; therefore, because wolf-hybrids cannot meet the vaccination requirements of the Indiana Board of Animal Health, wolf-hybrid dogs cannot be shown in the 4-H Dog Program.

- On day of show, all dogs must: be on Fairgrounds by 7:30 am; have submitted a current 4-H 671 Certificate of Vaccination showing that the dog has had necessary shots; be on a six-foot leash outside of the show ring, or in their crate and attended at ALL TIMES.
- All 4-H exhibitors are required to clean up after their dog. Waste bags will be available at the auditing table. Waste should be deposited in a trash container provided by the County Fair.

- Appropriate attire is required in all dog show classes. Smooth soled boots, high heels, loose fitting shoes, floppy sandals or other unsafe footwear are not appropriate attire.
- Decisions of the judges are final.
- Please refer to 4-H Dog Website (www.four-h.purdue.edu/dog) for current score sheets.
- Tie scores in obedience classes will be broken as follows: a) scores will be compared for each area of the obedience competition, beginning with the first exercise on the score sheet and proceeding down the sheet through the successive exercises; b) if the scores are tied in each exercise, the first exercise on the score sheet will be repeated in its entirety, in order to determine a winner.

DOG HEALTH GUIDELINES

- All dogs must have submitted 4-H 671 Certificate of Vaccination showing that the dog has had the necessary shots by date of first training attendance of the current year.
- All dogs must be accompanied by a certificate of vaccination (4-H671), or a statement signed by a licensed, accredited veterinarian indicating that within one (1) year of the date of exhibition the dogs have been vaccinated for leptospirosis and Bordetella (kennel cough) and within three (3) years of exhibition the dogs have been vaccinated for rabies, distemper, hepatitis and parvovirus.
- Indiana law requires rabies vaccinations to be administered by a licensed and accredited veterinarian.
- If home vaccination is done for the other 4-H mandatory immunizations, you must have the receipt of purchase and the label from the vial(s) attached to this form.
- A copy of your dog's rabies immunization certificate provided by your veterinarian must accompany the 4-H Certificate of Completion of Indiana 4-H Requirements for Exhibition of Dog, form #4-H-671-W.
- Any dog showing lameness at show or training will be dismissed from show or training until dog no longer exhibits lameness.
- Female dogs who are "in season" will not be allowed to compete in the County Fair dog show. These dogs should be left at home, so they do not distract other dogs and prevent the exhibitors from being able to demonstrate their true abilities.

OBEDIENCE CLASSES

Judging Procedures

- Whenever possible, all obedience classes will be judged through a progression of rings, with the same judge passing inspection on a particular exercise for all participants. For example, the same judge will evaluate "heel-on-leash" for all of the dogs in the same class, while another judge will evaluate "stand for examination." On rare occasions, substitute judges may be called upon to supplement show needs.
- Tie scores in obedience classes will be broken as follows: a) scores will be compared for each area of the obedience competition, beginning with the first exercise on the score sheet and proceeding down the sheet through the successive exercises; b) if the scores are tied in each exercise, the first exercise on the score sheet will be repeated in its entirety, in order to determine a winner.
- A dog fouling in the ring will receive an automatic ten (10) point dock in score.
- The high jump will be set at the same height as the 4-H dog measures at the withers rounded to the nearest multiple of two (2) inches. Minimum height is four (4) inches and the maximum height is 36 inches. (All dogs less than 7.5 inches must jump the four (4) inch minimum.) At the obedience check-in, a handler may request a 2-inch reduction in high jump height for a dog 7 years or older. The broad jump distance will be twice the high jump height. See the 4-H Obedience Guide for specific breeds that jump at reduced height and distance.

Hancock County 4-H will follow the Indiana 4-H Aggressive Dog Policy which is the following:

“The safety and well-being of 4-H members and volunteers is a primary concern with all Indiana 4-H Program opportunities. Families should err on the side of caution in selecting a dog for the 4-H member to exhibit. A dog that has a known history of aggression or biting is not appropriate for involvement in the 4-H Program. On occasion, the 4-H member may have difficulty managing their dog within the 4-H Program. The following guidance has been provided for the Indiana 4-H Dog Program as the owner/exhibitor of the dog bears responsibility for the dog’s actions. In the subsequent policy, the term “4-H Dog Personnel” will include County 4-H Volunteers, County Extension Educators, State 4-H Staff and appropriate County and State Fair Directors.

A dog that bites a human or another dog at any 4-H Dog Event must be immediately removed from that event by the 4-H member and will subsequently be excused from the 4-H Program. The member should be directed by a 4-H Dog Personnel on-site to remove the dog if the member does not do so willingly. If a determination is made by the 4-H Dog Personnel that a dog bit in self-defense, it may be allowed to remain at the 4-H Dog Event.

Dogs that display other signs of aggression, including but not limited to barking and standing ground, growling, lunging and snapping will be given one verbal warning. They will be removed from the event after the second violation at the same event. To be removed from a 4-H Dog Event, there must be two violations at the same event.

Any dog that is removed from a 4-H Dog Event due to aggressive behavior will be placed on probation for 2 weeks. Written notification of the probation will be given to the 4-H member. The 2-week period will start upon written notification to the 4-H member. While on probation, the 4-H Dog Personnel and the 4-H member and parents will work together to determine the best course of action for the dog. This may include (but is not limited to) working individually with the dog and 4-H member, asking the 4-H member to use a different dog or having the 4-H member attend events without their dog. At the end of the designated probation period, 4-H Dog Personnel will make a determination regarding the dog’s return to 4-H Dog Events.

Dogs that are removed from a 4-H Dog Event twice will be immediately excused from the 4-H program and will not be allowed to re-enter. Excusing a dog from the 4-H Program is rare but could be necessary for the safety of 4-H members, volunteers and other participating dogs. Should a dog be excused from the program it must be remembered that the action is against the dog and not the 4-H member. 4-H Dog Personnel should look at many solutions and encourage the 4-H member to attend classes without their dog while training it at home or potentially bringing another dog to 4-H events. 4-H members will always be welcome in every other part of the dog project.

In the event that a dog is removed from a 4-H Dog Event or excused from the 4-H Program, 4-H Dog Personnel should report such to the State 4-H Office so that the information is available to all county 4-H dog programs and the Indiana State Fair.”

- A LEASE AGREEMENT is designated to allow a 4-H member the opportunity to participate in the 4-H Horse and Pony project with an animal. (For Example, a 4-H member who does not own an animal or has an animal that is unfit as a 4-H project due to illness, injury, etc., or other extenuating circumstances, may lease an animal). Upon approval of the Lease Agreement, only the lessee will show this animal and the lessor will not show this animal in 4-H competition. 4-H member must submit the Lease Agreement to the Extension Office by May 15th.
- All animals must be enrolled on the online animal enrollment system by **May 15th** to be eligible to participate in the Hancock County 4-H Fair and the Indiana State Fair Horse & Pony show. - 4-H members can ENROLL 10 horses or 10 ponies or any combination of the two. **However, they may only EXHIBIT three animals at the county fair show.** Only one horse and/or one pony per individual class. A mare and a foal will be considered as one animal, NO EXCEPTIONS.

- 4-H members must show their own animal. In case of sickness or injury at the County Fair or State Fair, prior to the class, the owner may have the animal shown by another 4-H member UPON THE APPROVAL OF THE 4-H SHOW COMMITTEE (with the exception of Showmanship, Equitation or Horsemanship classes)
- Horses are not to cross the road for any reason. Animals are not to be ridden on the Fairgrounds except in the designated areas.

- Only designated parents and guardians will be allowed in the make-up area or show arena during the workshops and at the County Fair Horse Show.
- First and foremost, all exhibitors, parents and spectators will conduct themselves as ladies and gentlemen. They will be expected to conduct themselves in such a manner as to set a good example for other 4-H exhibitors and other spectators at the show. Inhumane treatment of animals, impolite behavior, poor sportsmanship, or disruptive actions, (as deemed by the show management) will result in disqualification and/or removal from the grounds. Any 4-H exhibitor who breaks a ground rule may be barred from showing and/or forfeit any prizes or winnings.
- HORSE & PONY HELMET POLICY: All 4-H members are required to wear a properly fitted ASTM or SEI standard F1163 (or above) certified helmet whenever mounted, or driving, at a 4-H horse and pony event, show, or activity. The 4-H member is responsible to see that this specified headgear is properly fitted with the approved harness fastened in place whenever mounted. Original tags must be present in all approved helmets. This policy was placed in effect during the 2003 4-H program year and applies to all county, area, and state 4-H horse and pony events, shows, and activities. Adults riding horses are also at risk of head injury; therefore, adults are also strongly encouraged to wear properly fitted, certified helmets when they are riding at any 4-H sponsored activity/event so that they will serve as role models of safe behavior, as well as protect themselves.
- All 4-H members in the 4-H show must wear the proper footwear of western, hunt or jodhpur boots. Drivers must wear boots or closed shoes.
- A Show Steward will be charged with the authority to enforce all 4-H rules. His/her decision may only be appealed to the 4-H Show Committee in writing.

- Be on time for your class, there will be a 2-minute waiting period. If you are not there at that time, you are out of the class. The 2 minutes will be measured from the time that the first horse enters the gate for the class. In case of a tack change, you must notify the gate person and the announcer two classes prior to your class.
- In contesting classes, contestant must enter the arena in a controlled manner, and start and stop the animal inside the ring. The gate must be closed behind the contestant and not opened until the contestant has finished the course. No animal will be allowed into the ring until the previous contestant is excused. - **It is possible that there are more enrolled 4-H'ers than there are animals available for lease. 4-H'ers who wish to lease an animal are strongly encouraged to enroll as early as possible. Animals will be assigned to returning 4-H families first. Any remaining animals for lease will be assigned to new enrollees in order of enrollment date.**
- A LEASE AGREEMENT is designated to allow a 4-H member the opportunity to participate in the 4-H Llama project with an animal. (For Example, a 4-H member who does not own an animal or has an animal that is unfit as a 4-H project due to illness, injury, etc., or other extenuating circumstances, may lease an animal). Upon approval of the Lease Agreement, only the lessee will show this animal and the lessor will not show this animal in 4-H competition. 4-H member must submit the Lease Agreement to the Extension Office by May 15th.
- No intact males over 18 months of age may be shown.

All posters must have a hard backing, displayed horizontally on a 22" x 28" board and covered with plastic.
- Complete required pages in project book.
- The 4-Her will respect the dignity and personality of the llama and treat it with gentle kindness.
- The week before the 4-H fair should be allocated for getting ready for the fair.

- All meetings will be conducted by 4-H rules with elected officers to include President, Secretary and Treasurer.

All 4-H market lambs and commercial ewes must have a flock tag or tattoo matching the animal's registration paper. These are Indiana State Fair rules subject to jurisdiction, control and alteration by the Indiana 4-H program. - 4-Hers may enroll ewe lambs through 4-H Online without designating whether they intend to show them as market lambs or breeding ewes. However, a 4-H member may only show their ewe lamb(s) as a market lamb(s) or as a breeding ewe(s) at the Hancock County Fair. 4-H members may not show the same ewe lamb as both a market lamb and a breeding ewe in the 4-H sheep show at the Hancock County Fair in any given year.

Failure by any animal to match its 840-RFID Tag and/or ear tag and/or DNA sample on file will result in immediate disqualification of the animal, forfeiture of all premiums and prizes awarded and any other penalties as set forth in the 4-H manual.
- The direct application of ice, ice water, alcohol, freon or any other refrigerant to the hide of an animal and the artificial introduction of air, blood, oil, drugs, steroids or chemicals into an animal is strictly prohibited. These deceptive, fraudulent practices will cause the exhibitor and their animal(s) to be disqualified immediately.
- Except as otherwise expressly provided herein, all results shall be deemed final upon the judge's placing of each respective class and no animal shall be elevated in its placing if a higher-ranking animal is thereafter disqualified.
- Interpretation of all project rules shall rest in the sole discretion of the Superintendent or his designee.

GENERAL EXHIBIT GUIDELINES

MEMBERSHIP

- Youth may become 4-H members when they enter the third grade and continue their membership thru grade 12. A member may continue membership for a maximum of ten (10) years.
- An individual's 4-H grade is determined by the school grade in which he/she is classified regardless of the time of year he/she enrolls in 4-H. A member does not advance in 4-H grade until he/she enrolls in 4-H for the subsequent school year. The 4-H club year usually extends from one annual 4-H exhibit to the next. Enrollment is an annual process attained by completing the appropriate county 4-H enrollment form.
- 4-H enrollment is due **January 15th**. 4-H members must have their completed online/enrollment form indicating their selected projects submitted to the Hancock County Extension Office or their leader by **January 15th** in order to ensure that the member receives necessary 4-H materials. 4-H members may add or drop projects until May 15th.
- 4-H members are encouraged to attend all local 4-H club meetings and activities.

- To complete a 4-H year, the individual must complete an official 4-H club enrollment form and have a completed 4-H project record signed by their 4-H Leader. All 4-H members are strongly encouraged to exhibit their project at the 4-H Fair.
- Incomplete or incorrect exhibits are counted as complete projects if the record sheet is completed and turned into the 4-H Leader by designated due date.
- 4-H members should be encouraged to enroll and exhibit in the project division or class where their abilities are and learning can take place.
- The number of projects a 4-H member may enroll in a given year should be determined by the 4-H member with guidance from parents and a 4-H Leader. Each child's ability varies, thus, the number of projects taken yearly must be determined on an individual basis.
- **Junior Leaders** must be in the seventh (7th) grade or higher at time of enrollment to be eligible.

EXHIBIT GUIDELINES

- All notebook exhibits must be displayed in a 3-ring binder which holds 8 ½" x 11" pages.
- Workbooks should be placed in a folder or holder of some type on poster.

- All exhibits must be projects of the current year (ITEMS MUST HAVE BEEN MADE SINCE THE PREVIOUS FAIR).
- 4-H members are encouraged to complete projects in which they are enrolled.
- Judging will be based on workmanship, preparation of articles for exhibit, suitability for purpose, beauty and originality of design, as well as harmony of colors and materials.

Leaders in charge of each project should write "late" on the label if the exhibits arrive after entry deadline. No late entry can receive more than a blue ribbon. (A late entry will be dropped one ribbon from the judge's placing).
- **All exhibits must remain in place until officially released**, which will be on June 28th, from 9:00 am to 6:00 pm, only. **This does not include livestock exhibits.** If you designate someone else to pick up your project, they must sign for it and please make sure they know description of exact items they are picking up.

- 4-H members must complete their project in the county to be eligible to show at the State Fair. State Fair entries are automatically made by the Extension Office for eligible entries in most 4-H projects eligible for State Fair entry.
- In some projects, we are not limited to the number of entries made, so if you are interested in exhibiting at the State Fair you must have completed a 4-H enrollment form along with the proper county ID process. Multiple entries may also be made in the Beekeeping and Gardening project.

POSTER, NOTEBOOK AND DISPLAY BOARD GUIDELINES

Posters are displayed horizontally; 22"x28" and mounted on a firm backing and covered in clear plastic or other transparent material. **Be sure to include your exhibit identification label with your name, grade, club and project on a 3"x5" label vertically (may be computer generated on your own) in the bottom right hand corner of all posters and notebooks. All projects must be labeled.** Please check your project guidelines for more specific instructions because some projects require more information on the identification label. The 22"x28" foam core poster board is available in the Extension Office on a first come, first served basis at minimal charge. **Posters not following these guidelines will be lowered one ribbon placing.**

***All posters, notebooks, and display boards must include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or display board, be the last page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed.*

A Good Poster: Attracts attention, is simple and clear and interests someone in your project.

When forming ideas for a poster: Know the project requirements, read the manual (look for ideas), brainstorm ideas and make a list, think of a title with alliterations (repeating a sound in each word), look at other posters for ideas (but don't copy!).

Tips to Remember:

- Don't use too many words.
- Use a combination of illustrations and words.
- Be as neat as you can.
- Cut evenly, apply adhesive carefully.
- Leave white space on the poster.
- Make sure the poster is balanced.
- You can obtain clear plastic poster sleeves at the Extension Office for a nominal cost or by the yard in the fabric stores or you can use window shrink plastic available in many hardware stores.
- For hard backing you may use foam core board that is also available at the Extension Office or thick cardboard or lightweight wood (check the size – should measure 22" x 28").
- Choose colors carefully. Note the following general guidelines:
 - Black tends to be more formal, neat, rich, and strong.
 - Blue is cool, melancholy, or depressed.
 - Purple is considered royal, imperial.
 - Red stands for love as well as anger.
 - Orange is festive.
 - Yellow tends to be warm, light, or ripe.
 - Green is fresh, young, or growing.
 - White means pure, clean, and neat.

Things You Should Never Do:

- Make a vertical poster.
- Use plastic food wrap to cover.
- Use staples, tacks, or tape.
- Use fluorescent posters.
- Create a poster that is all words or all pictures.

Steps to Follow When Making a Poster:

1. Read your project manual.
2. Read your county project requirements.
3. Decide on information to include on the poster.
4. Sketch out your idea.
5. Collect supplies.
6. Mark guidelines for lettering and pictures (lightly).
7. Layout letters, pictures, etc. on the poster.
8. Glue items down.
9. Clean up the poster so it is neat. Erase any guidelines that are showing. Remove excess glue.
10. Label size should be 3x5", displayed vertically in the bottom right hand corner.
11. Glue poster to backing.
12. Cover poster with plastic.
13. Take your poster to Project Turn In on the correct day and time for your project.

4-H 710: Cake Decorating Exhibit Skills Sheet

DESCRIPTION: The cake decorating project allows youth to utilize their artistic ability and expressions as they learn decorating techniques and skills. Anyone wanting to learn baking skills should refer to the 4-H foods project.

EXHIBIT GUIDELINES

- The cake decorating project provides skills-based educational experiences that provide an opportunity for mastery before building on that experience to develop more advanced skills. This subject area is divided into three levels: Beginner (Grades 3-5), Intermediate (Grades 6-8), and Advanced (Grades 9-12). While the defined grades are intended to be a guide, older youth enrolled in this subject for the first time may start in a lower grade skill level with permission by the county extension educator, followed by an appropriate level the following year.
- Skills and techniques demonstrated should be age/grade appropriate. While it is not to say a beginner level member cannot master an advanced level skill, it would be rare and unique. Therefore, exhibited cakes must demonstrate the minimum five techniques from their given level outlined in Indiana 4-H Cake Decorating Skills and Techniques, 4-H 710A, but may also include higher/lower level techniques that have been mastered.
- Any higher/lower-level techniques will not be counted as part of the minimum five, but nevertheless will be evaluated for quality.
- **All Beginner and Intermediate cakes exhibited at the county level must be made of real cake in order to be sold in the foods auction.**
- **All cakes going on to the Indiana State Fair must be created using a Styrofoam, foam or other solid dummy.**
- Unless otherwise stated, cakes are to be iced using buttercream or royal icing. Buttercream icing will not withstand environmental conditions and may become soft, melt, not withhold its shape, and colors may bleed when being displayed an extended period of time.
- When displaying a cut-up cake or tiered cake, the exhibitor must include a diagram and description indicating how the cake was assembled. This diagram and description can be attached to or written on the skills sheet.
- All exhibits must include a completed **Cake Decorating Skills Sheet (4-H 710)** and must accompany the cake for the judge's reference during judging. Skills sheets are for judging purposes only and will not be returned to the exhibitor.
- Judges evaluating exhibits should recognize individual differences and creativity, therefore using information in this document as a guide rather than a requirement.

Description: The foods project teaches basic baking, preservation and nutrition education skills.

Please see POSTER, NOTEBOOK AND DISPLAY BOARD GUIDELINES on page 97

EXHIBIT GUIDELINES

Purdue Extension Food Safety Policy (revised 10/2022):

For Food Competitions: Fillings, frostings, glazes, and meringues are not permitted to contain cream cheese, sour cream, heavy cream, or whipped cream if they are not fully cooked/baked. These items are allowed as ingredients in food products IF the final product is cooked/baked. Additionally, raw milk, raw milk products or uncooked eggs/egg whites are not permitted. Eggs/egg whites that have been cooked to 160 F (i.e., pasteurized or included as part of a batter and baked) are acceptable. No home canned fruits, vegetables or meats are permitted as ingredients in food products.

Foods should be transported to the competition in a way that minimizes contamination and maintains the quality of the food (i.e., foods that are judged as frozen should remain frozen at all times).

No alcoholic products may be used in the food project.

Recipes must be provided that identifies all ingredients that were used in each part of the product. **Any ingredient that could be a potential allergen must be clearly identified.** Potential food allergens include, but are not limited to, milk, eggs, peanuts, tree nuts, fish, crustacean shellfish, wheat, soy and sesame.

Contestants should carefully wash their hands and make sure that their hands do not have any open cuts before preparing foods. If cuts are present, the wound should be bandaged and a single use food service glove worn on the hand during all stages of food production. Contestants should not be preparing food exhibits for competition within 48 hours of recovering from any illness. People experiencing symptoms of vomiting, diarrhea, fever, and/or jaundice should not be allowed to prepare food.

Judges and individuals who will consume products from county and/or state competitions should be informed that they are at risk for foodborne illness since the established policy cannot guarantee that an entry has been properly prepared or handled before, during or following the competition. The food products for competitions are home produced and processed and the production area is not inspected by the Indiana Department of Health. Tasting of a food product is solely at the discretion of the judge and consumers. Judges are **NOT** to taste any home preserved foods such as low-acid or acidified foods like green beans, tomatoes or tomato products, jams/jellies/fruit preserves or fermented products produced in the home.

Baked food products may be from a boxed mix following the instructions, a boxed mix with added ingredients, or ingredients combined from scratch. Youth are to place their name, county and club on the bottom side of their plate, pan or other container and the official entry tag provided will be placed with the exhibit.

A completed recipe card is to be submitted with each exhibit. Recipe cards are for judging purposes only and will not be returned to the exhibitor. Laminating, wrapping the recipe card in plastic, or placing it in a clear plastic bag is optional. Since it is illegal in the State of Indiana for youth under the age of 21 to purchase or consume alcoholic beverages, 4-H members are to use recipes that do not include an alcoholic beverage as an ingredient. A suitable non-alcoholic or imitation product may be substituted.

Baked food products should be covered during transport and displayed on a paper or foam plate, or another type of disposable container. Pies, casseroles and other similar items are to be baked in a disposable pan. Cakes and sticky items may be displayed on a cardboard strong enough to support the item and covered in foil, plastic, wax paper or similar substance.

Judges evaluating exhibits should recognize individual differences and creativity, therefore using information in this document as a guide rather than a requirement.

Perishable baked exhibits entered for state fair competition will not be displayed and instead will be donated to a central Indiana homeless shelter.

State Fair Entries: 5 entries, One per division

Manual: 4-H748 Genealogy Resource Guide

Forms: 4-H Genealogy Worksheets

<https://extension.purdue.edu/4-H/projects/4-h-project-genealogy.html>

It is recommended that 4-H members attend at least one Genealogy workshop. Members are not allowed to repeat a division.

Description: This project helps young people know where their ancestors resided, traveled, and developed some family tradition.

EXHIBIT GUIDELINES

- Forms for this project are found on the Indiana 4-H Web site www.extension.purdue.edu/4h click on "projects" and then on Genealogy to reach downloadable forms. This project is organized into divisions and not grades for a youth cannot start in Division 3 without first completing Division 1 and Division 2. This is a project that builds on the previous division information in order to be successful in building your family tree. If you are using a genealogical commercial software program, you may need to type in or hand write in information required by the Indiana 4-H genealogy project.
- The exhibit will consist of no more than four (4) notebooks for Division 1-4 and first year Advanced Division. (If a notebook requires additional space, label it as notebook x, continued.) Those notebooks are:
 - Book #1 – Appropriate size notebook or binder, contains introduction sheet, pedigree charts and family group sheets
 - Book #2 – Appropriate size notebook or binder, contains additional information worksheets and diary of work
 - Book #3 – Appropriate size notebook or binder, contains supporting documents, pictures, etc.
 - Book #4 – Appropriate size notebook or binder, contains Advanced Division options only (Begin using this notebook in first year of the advanced division or the fifth year of project enrollment.)
 - Another notebook should be maintained and kept in a secure place at home to keep original personal and legal documents as well as previously exhibited work.
- Note – Youth may consolidate information in order to have fewer notebooks. In this case indicate on the cover the notebook numbers included and use dividers to separate information by notebook number as well as contents as indicated below.
- Notebooks should be tabbed and in the following order:
 - Book #1 - Introductory Page; Pedigree Charts; Family Group Sheets
 - Book #2 - Additional Information Worksheets; Diary of Your Work
 - Book #3 - Any Other Documents (label with ancestor numbers on tab)
 - Book #4 – Advanced Division Options (label each tab separately with the specific option); Diary of Your Work (this will be a second diary describing work done for each advanced division option)
- Pedigree Charts, Family Group Sheets, Additional Information Worksheets and Diary Sheets are to be placed in the notebook back-to-back in sheet protectors to save space, reduce the information being damaged and reduce the number of sheet protectors required.
- So the notebook exhibit can be displayed to the public and to minimize the potential of identity theft, original legal documents are NOT to be included in the exhibit notebook. Instead, a photocopy of any legal document is to be included in the notebook and all identifiable

information (like social security numbers) except for names is to be completely marked out. Original legal documents are to be kept in a secure location by the 4-H member and his/her family.

- Reference notations are to be made in the “source” column of the Family Group Sheet and on each document.
- If information on a family member is unknown, an additional information worksheet for each required ancestor is still required. Write “unknown” or “NIA” (no information available) in PENCIL for each sheet of unknown ancestors or list several ancestors on a page and insert page in proper numerical order.
- After exhibiting the 1st year of the ADVANCED Division, only the Advanced Division notebook (Book #4) with ALL OPTIONS (no pedigree charts, no family group sheets, no additional information sheets, no documents from Divisions 1-5) needs to be exhibited each year the genealogy project continues.

Suggested Genealogy Supply List:

- Four 3” D-ring notebooks (Book #1, #3, #4 will be exhibited and the fourth 3” D-ring notebook to maintain documents at home and NOT exhibited.)
- One 2” D-ring notebook (Book #2)

- Lots of creativity to make the exhibit your own while still following the exhibit guidelines.

Manual: 4-H-985, 4-H-986, 4-H-987,

Forms: <https://extension.purdue.edu/4-H/projects/4-h-project-geology.html>

Description: Geology involves studying the earth's crust, its layers and their history. Youth learn to identify Indiana rocks, minerals and fossils.

Please see POSTER, NOTEBOOK AND DISPLAY BOARD GUIDELINES on page 97

EXHIBIT GUIDELINES

- You may purchase your specimens and may display rocks, fossils and minerals. If you purchase a specimen, indicate when and where you purchased it and the location where you would expect to find the specimen. If you collect a specimen, indicate the county and township where you found it.
- Posters and display boxes will be exhibited "standing up" at the Indiana State Fair. Therefore, you need to mount your specimens securely. Subject matter experts suggest the following methods: soaking ½ cotton ball in Elmer's glue, hot glue, or clear tub sealant. Place the cotton ball in your box and put your rock (or fossil or mineral) on the cotton ball and let sit. It will take 1-2 weeks for Elmer's glue to fully harden. Specimens mounted with Elmer's glue can be removed by soaking the cotton ball in water. Glue remaining on the rock may be brushed off with an old, damp toothbrush.
- When exhibiting rocks show a fresh surface (recently cracked or broken surface) to help judges identify the rock.
- Labels - Include the specific geographical location where you would expect to find any specimens as well as where you actually acquired it (found, purchased, etc.).
- Do not identify your specimens any further than phylum and class. There is one exception to this for fossils which are identified to phylum OR class. Class should only be used for fossils of mollusks, backboned animals, and arthropods.
- Judges evaluating exhibits should recognize individual differences and creativity, therefore using information in this document as a guide rather than a requirement.

<i>Asst. Superintendent:</i> Ashley Plank-Schenck 317-919-7319, ashleyeileenp@gmail.com

EXHIBIT GUIDELINES

- It is required that a recipe be exhibited in ALL divisions. Recipes should be exhibited on cards no larger than 5"x 8".
- All products must be baked in a microwave oven. Not a conventional or convection oven or stovetop.
- Exhibit products on cardboard or heavy Styrofoam plates slightly larger than the product and covered with clear wrap.
- Please make **and** exhibit in an inexpensive, clear glass dish that can be sold with the product at the 4-H Foods Auction for Division 6, 8 and 9.
- Exhibits must be non-perishable, with the exception of Division 9.

FOOD SAFETY GUIDELINES

- **For food competitions:** Filling, frosting, glazing, pie filling and meringue, (whether uncooked or cooked) **are not permitted to contain cream cheese, sour cream, heavy cream or whipped cream** as the nature of these products increases the moisture content and water activity of the food. Foods with a higher moisture content and water activity can be ideal growing conditions for food borne pathogens, even if the ingredient is part of a batter and baked. Additionally, raw milk, raw milk products or uncooked eggs/egg whites are not permitted. Eggs/egg whites that have been cooked to 160°F (i.e., pasteurized **or** included as part of a batter and baked) are acceptable. No **home-canned** fruits, vegetables or meats are permitted in products. Recipes **must be provided** that show which ingredients were used in each part of the product. Contestants should carefully wash their hands and make sure that their hands **do not have** any open cuts before preparing foods. Contestants should not be preparing food exhibits for competition within 48 hours of recovering from any illness. Baked products should be transported and stored in chilled coolers (41°F).
- Judges and individuals who will consume products from county and state competitions should be informed that they are at risk for foodborne illness since the established policy cannot guarantee that an entry which may be a "potentially hazardous food" has been properly prepared or handled before, during or following the competition. Tasting of a food product is solely at the discretion of the judge. Judges are **NOT** to taste any low-acid or acidified preserved food, like green beans or tomato products, and are discouraged from tasting any other home preserved food. Consumers of competitive food exhibits being sold at auction or used for hospitality purposes should be notified they could be at risk for foodborne illness since the established policy cannot guarantee that an entry which may be a "potentially hazardous food" has been properly prepared or handled before, during or following the competition.
- This policy has been reviewed by Katherine D. Clayton, Food Science Extension Outreach Specialist

If the above food safety instructions are not followed, the project will receive one (1) ribbon placing lower.

<i>State Fair Entries:</i>	6 senior exhibits per county with no more than two exhibits per category. An exhibitor may participate in only one senior Fashion Revue category at the state fair.
<i>Manual:</i>	4-H-925, 4-H-926, 4-H-927, 4-H-928
<i>Forms:</i>	https://extension.purdue.edu/4-H/projects/index.html

Note – State Fair Fashion Revue Grand Champion will be selected from the six senior sewing category champions modeling their sewn garment or outfit plus the advanced consumer clothing champion modeling their purchased outfit.

Description: This project teaches youth skills to present themselves in a professional manner by providing an opportunity for youth to model the outfit constructed in the 4-H sewing project.

EXHIBIT GUIDELINES

All garments and outfits modeled in Fashion Revue, except Consumer Clothing entries, must have been constructed by the 4-H member modeling that same garment or outfit. Youth qualifying to exhibit the same garment or outfit in Indiana State Fair Sewing and Fashion Revue must choose which project they wish to participate as one cannot exhibit the same garment or outfit in both projects at state fair.

DEFINITION OF AN OUTFIT: An outfit is a garment or garments that when put together make a complete look - such as one- or two-piece dress, or one- or two-piece pant suit, or a three-piece combination, such as pants, vest and blouse or shirt.

- The 4-H Fashion Revue is an educational activity of the 4-H program, which places emphasis on selecting, constructing, accessorizing and modeling a garment or garments that complement the participant and fit well with the total wardrobe.
- All 4-H clothing members are encouraged to participate in Fashion Revue. Private Fashion Revue judging will be held prior to Public Fashion Revue. All members enrolled in Sewing are eligible to participate with their wearable sewing project.
- Garments modeled must have been made by the participant since the previous 4-H exhibit for the clothing division in which member is currently enrolled.
- All entrants must participate in private judging and public revue to be eligible for awards. Notification will be sent to 4-H members enrolled in Sewing with details of judging day. You must submit a typed 3x5 commentary card on day of judging.
- Age groups: Junior participants (Grades 3 – 7) are judged by grade, Senior participants (Grades 8 – 12) are judged by category.
- Winners in classifications will be selected. An Honor Group will be chosen for each classification, and a Champion and Reserve Champion chosen from the Honor Group. Honor Groups will be selected at judge's discretion. An Overall Senior Category Grand Champion will also be selected.
- Junior entrants may enter only the one division they are completing in clothing construction. Garment(s) worn by junior entrants must be the same that is/are being entered for construction judging.
- Senior entrants may enter as many classifications as they desire at Fashion Revue judging at the county level.
- Senior Fashion Revue will be judged by classifications and members may enter as many garments as they wish, but only one per category. Enter in the appropriate category for the garment to be modeled.
- All garments modeled and judged in Fashion Revue must also be judged as sewing exhibit to ensure the garment(s) meet the required skills.

- Youth qualifying to exhibit the same garment or outfit in Indiana State Fair Sewing and Fashion Revue must choose which project they wish to participate as one cannot exhibit the same garment or outfit in both projects at state fair.
- A fabric swatch for each item modeled MUST be brought to sewing fashion revue.

EXHIBIT CLASS GUIDELINES

Junior (Grades 3-7 suggested):

- Model the garment or outfit constructed for the sewing project. Accessories may be purchased or selected from what you currently have.

Senior Categories (Grades 8-12 suggested)

- **Informal or Casual Wear:** A complete outfit of 1 or 2 pieces suitable for school, weekend, or casual, informal activities. In this category, a complete outfit is defined as a garment or garments that when put together make a complete look - such as one or two piece dress, or one or two piece pant suit, or a combination, such as pants, vest, blouse or shirt.
- **Dress Up:** This is suitable for special, church or social occasions that are not considered to be formal. It may be an outfit of one or more pieces with or without its own costume coat or jacket (lined or unlined). This is not an outfit that would be worn to school, weekend, or casual, informal activities.
- **Free Choice:** A complete outfit comprised of garments that do not fit in the other classifications. A complete outfit is defined as a garment or garments that when put together make a complete look - such as one- or two-piece dress, or one- or two-piece pant suit, or a three-piece combination, such as pants, vest and blouse or shirt. Individual garment examples include: tennis wear, swim wear, athletic or sportswear, lounge wear, riding habits, historic, dance, theatrical, or international costumes, capes and unlined coats.
- **Suit or Coat:** The suit consists of two pieces, including a skirt or pants and its own lined jacket. It is not a dress with jacket as in "dress up wear". The coat is a separate, lined coat. It will be judged separately as a coat with its own accessories.
- **Separates:** Consists of three garments that must be worn as a coordinated complete outfit. In this category, a complete outfit is defined as a garment or garments that when put together make a complete look - a three piece combination, such as pants, vest, and blouse or shirt. Each piece should be versatile enough to be worn with other garments.
- **Formal Wear:** This outfit may be one or more pieces suitable for any formal occasion, such as proms, weddings, and formal evening functions.

Judges evaluating exhibits should recognize individual differences and creativity, therefore using information in this document as a guide rather than a requirement.

INDIANA 4-H SEWING SKILLS AND TECHNIQUES

Youth and their mentor/volunteer leader/instructor should use this chart as a guide when deciding appropriate skills to incorporate in a sewing wearable or non-wearable article, garment or outfit for exhibit. While this list is a guide, it is not meant to be an all-inclusive list and youth should demonstrate skills they are most comfortable mastering. For example, some youth in a 4th grader might feel comfortable attempting 6th grade level skills, but it is unlikely a 4th grade level exhibitor will be able to successfully master the 10th grade level skills. Exhibited items must demonstrate the minimum skill techniques from their given grade level but may also include higher/lower level techniques that have been mastered. Any higher/lower level techniques will not be counted as part of the minimum skills, but nevertheless will be evaluated for quality. Youth are encouraged to utilize a number of resources such as web sites, print material, social media and television shows when learning sewing skills and techniques. Skills learned from these types of resources may be demonstrated provided they are age/grade appropriate.

Description: The sewing project teaches fabric selection, pattern selection and sewing machine use to construct garments and outfits to be worn by the 4-H member or another person.

EXHIBIT GUIDELINES

All garments are to be exhibited on wire hangers

- Complete your project using the skill sets listed in this Handbook or from the Indiana State 4-H website here:
https://extension.purdue.edu/4h/Documents/Resources/sewingproject_resources_info2.pdf

Older youth enrolled in the 4-H sewing project for the first time may not feel comfortable demonstrating their assigned grade level skills. In this instance the county 4-H Youth Development Educator may, at the request of the 4-H member and parent, assign the member to a lower level grade level to develop fundamental skills.

Provide a completed sewing skills card, 4-H 925c-W, with the exhibit. Skills sheets are for judging purposes only and will not be returned to the exhibitor.

Judges evaluating exhibits should recognize individual differences and creativity, therefore using information in this document as a guide rather than a requirement.

4-H RECORD OF ACHIEVEMENT

Due in the Extension Office or your 4-H Leader by **August 1st to be eligible for Fall Awards**

As a 4-H member, be sure to keep your Record of Achievement in the Extension Office current. You may find this form at the Extension Office or at following:

<https://extension.purdue.edu/hancock/pages/l.aspx?intLabelID=9>. Clubs have various means of updating the records (some complete two forms during a club meeting and the leader files one copy in the Extension Office). It is very important that you as members have a current record, as this is how 4-Hers are selected for trips, awards and scholarships. However, if your club does not up-date the records, it is your responsibility to keep them up-to-date.

Your Record of 4-H Achievement (white record) should be a concise record of what you have done during your 4-H career. It should be legible (neat and easy to read). The record sheets from 4-H Project manuals should contain detailed information about your projects. Use the record sheets for information for the white cards. COMMONLY ASKED QUESTIONS ABOUT RECORD SHEETS: DUE ON AUGUST 1ST

What are record sheets?

For every 4-H project that you complete, you should list each one on the Hancock County 4-H General Record Sheet that is divided up into grades. This is where you record what you have done in all of your 4-H projects that year. There are some exceptions; some projects have their own record sheet that you will be able to find on the 4-H website. So, if you are enrolled in swine, crafts and foods you will need to complete three record sheets. You should find your record sheets in your project manuals. Once you have completed each record sheet you should store them in your green record book.

Why is my Achievement card due before State Fair?

In order to be able to choose county award winners for our fall awards ceremony, we need the achievement cards by August 1. If you do not turn in an achievement card by then, our committee cannot include you in the running for the Fall Awards nor can 3rd graders be entered into our 529 Incentive Plan Program.

What is a Green Record Book and white achievement card?

In the first year of 4-H, every 4-Her should receive a Green Record Book and a white achievement card. This is where you will record information throughout your 4-H journey. Each year, you should add new information to the white "Record of 4-H Achievement" card. Then you will put all of the record sheets for each project along with the white card inside your Green Record Book.

Why do we have record sheets?

Record sheets are a good way for you to keep track of all of the things you have done while you have been involved in 4-H. They are also what are used to select awards each year. When you near college age, it is important to have kept a nice record book so that you can be considered for various scholarships. Record sheets also show that you have completed a 4-H project.

What if I don't have a record sheet for a specific project?

Projects can be recorded on the Hancock County 4-H General Record Sheet (according to your specific grade level). Please list all projects on one form. However, some projects do have specific record sheets, refer to project guidelines.

Where can I obtain record sheets?

If you do not have a record sheet, Green Record Book or white "Record of 4-H Achievement" card you can pick those up in the Hancock County Extension Office or you may print them off the 4-H website. The address is: <https://extension.purdue.edu/news/county/hancock/2021/07/4-H-Record-Forms.html>.

Where do I turn my record sheets in?

After you complete putting together your Green Record Book, you should give that to your 4-H club leader by the end of the county fair. They will check over it and sign any sheets that need to be signed. Then they will give your book to the extension office to be used in selecting awards. They will return the book to you at the beginning of the next year.

What if I don't have a club leader?

If you are not involved in a 4-H club you can turn in your record book to the Extension Office.

What if I've been in 4-H for several years and have not completed record sheets?

Don't despair; you are not alone. Why not make this the year to start? You can begin a Green Record Book at any time during your 4-H career.

Mini/Exploring 4-H members may independently show, work with or care for animals that weigh 300 pounds or less. (*Assisted means with the child at all times.*)
- Mini/Exploring 4-H members exhibiting horses must wear ASTM or SEI standard F1163 (or above) certified helmets whenever mounted. The 4-H member is responsible to see that this specified headgear is properly fitted with the approved harness in place and fastened whenever a rider is mounted.

MINI SHEEP

EXHIBIT GUIDELINES

Learn how to care for a lamb and the proper way to show one. Show a lamb by halter at the 4-H fair. The lamb must be one that is at the fair and being shown by a 4-Her. There is not enough space to allow youth to bring in sheep and the State Veterinarian will not be there to check health papers on the day of show.

Mini 4-H Liability Release Form

The safety and well being of our 4-H youth is of the utmost importance. Although kindergarten is specified as the time when a child may begin participation in some 4-H events and activities, parents are encouraged to take into consideration their child's physical and mental development before agreeing to let the child begin to show, work with, or care for animals. Each child matures at a different rate, and children in grades K-2 may still be too young to begin showing, working with, or caring for animals.

The Indiana 4-H Youth Development Program at Purdue University has agreed to allow Mini 4-H members in grades K-2, to participate in NON-COMPETITIVE animal projects subject to certain conditions. These conditions are specified below.

“Mini 4-H members, in grades K through 2, will be allowed to show, work with, or care for animal projects after their parent or legal guardian has signed a liability release. Mini 4-H members may independently show, work with, or care for animals that weigh 300 pounds or less. Mini 4-H members may only show, work with, or care for animals over 300 pounds when they are assisted by a parent, legal guardian, or another adult designated in writing by parent or legal guardian.” (*The word assisted means that the adult has control of the animal at all times.*) Mini 4-H members are not required to own the animals they participate with in Mini 4-H. All animals on exhibit should meet the regulations of the Indiana Board of Animal Health Requirements for Exhibition of Domestic Animals in Indiana and meet the vaccination requirements set by Indiana 4-H.

Mini 4-H members exhibiting horses must wear ASTM or SEI standard F1163 (or above) certified helmets whenever mounted. The parent/guardian is responsible to see that this specified headgear is properly fitted with the approved harness in place and fastened whenever a rider is mounted.

I understand that participating in 4-H activities can involve certain risks to my child. Those risks may include injury or harm, including, but not limited to, bodily injury, disability, exposure to COVID-19 and other viruses and or illnesses, and death. During virtual 4-H activities, I understand that program staff are not providing supervision for my child during the online program, and the Released Parties do not have control over the information available through the internet or other electronic data sources beyond that which is a part of the 4-H activity. On behalf of my child, I fully assume the inherent risks associated with my child participating in 4-H activities and assert that my child has chosen to participate in this program with my express approval. I hereby release and discharge Purdue University, The Trustees of Purdue University, the _____ County Commissioners, the _____ County Cooperative Extension Service, and each of their trustees, officers, appointees, agents, employees, and volunteers ("Released Parties") from all claims which my child or I might have for any injury or harm to my child, arising out of my child's participation in any activity related to the 4-H program, even if such injury or harm is caused by the negligence or fault of any of the Released Parties. I do not, however, release these individuals and entities from liability for intentional, willful or wanton acts and this release shall not be construed to include such acts.
