

Madyson Richey

Madyson is the daughter of Tonia & Joey Richey and a sister to Jarred. She is a 10 year member of the Vienna Fighting Farmers 4-H Club. She has completed projects in beef, swine, arts & crafts, Jr. Leaders, veterinary science, livestock poster, hay & forage and creative writing. Madyson's favorite project is beef because she loves working with cattle, especially ones that might be a bit more challenging, to gain their trust. Gaining that trust gives her a real sense of accomplishment. Madyson organized the hay relief for Western Kentucky tornado victims that helped so many people and was very rewarding for her. She has been an officer in the Scottsburg FFA for the past 5 years and has helped collect money for We Care. Madyson traveled to DC for the FFA leadership conference where they helped package meals for shelters.

Madyson has received several awards through 4-H; including Shelley Comer Akers award, beef & swine showmanship awards, and Grand & Reserve Grand Champions. She has received her Discovery, Greenhand, Chapter, & Hoosier Degrees through FFA. She has also placed well at several district and state level contests. Madyson has received an academic scholarship from Western Kentucky University where she plans to attend this fall and major in pre-vet. She plans to apply to vet school and become a veterinarian and then return to Scott County to provide vet services.
