

# NATURALIZE *Your Lawn*

## EXPLORE WAYS TO INCORPORATE NATIVE PLANTS INTO HOME LANDSCAPES.

Join us on a 3-stop Road Trip to local residents' yards to see examples of native plants in home landscaping.

**Friday, June 28th at the Warren County Fairgrounds at 9am.**

**We will Conclude by 12:30pm in Oxford, IN.**

Speakers will be Stephanie Frischie – Native Interest LLC & Aaron Senesac – Habitat Creations LLC.

Native plants are so many amazing things: They provide food and habitat for pollinators and other wildlife, connect us to our local natural heritage, add diversity and beauty, with a range of adaptations to local soils, climate, and sun or shade. On this tour, presenters will demonstrate how to see the possibilities of where native plants can fit into your yard, what to expect in the first few years after transplanting or sowing, and how to manage, enjoy and grow with the plants into the future. We will share resources for information, community groups and local businesses that can support your interests.

**RSVP TO  
JON CHARLESWORTH**

**Email Jon at [charles6@purdue.edu](mailto:charles6@purdue.edu) or call the Purdue  
Extension Warren County office at 765-762-3231.**
