

4-H CDE Coach Expectations

4-H Youth competing in an organized career development event/judging contest must be coached and supervised by an approved 4-H adult volunteer. The following procedures are designed to help the 4-H CDE coach meet Purdue University youth protection compliance standards. Coaches serving in a dual role supervising both 4-H and FFA registered contestants and using school-owned vehicular transportation should consult with school administration to determine if 4-H contestants are covered by the school's liability insurance.

The following guidance is for practices, invitational or practice contests, area or region qualifying contests organized by Purdue Extension and Indiana FFA, and national contests.

Coach Requirements:

- Must be an approved 4-H volunteer in 4-H Online before holding any practices or attending any events.
- Complete the required Purdue University youth protection program director training since they will be the individual primarily responsible for organizing practices, transportation to and from events, and providing primary supervision to 4-H youth related to this particular contest and judging season. The Program Director training is available via Ideal-Logic at: <https://www.purdue.edu/ethics/ed-training/youth.php>.
- Become an Approved Driver with Purdue University if transporting youth.
 - [Driver Authorization Request Form \(RM01\)](#) must be approved (a process that typically takes 5-7 days).

Coach Expectations:

- Communicate with the county 4-H educator
 - the range of dates practices for a particular contest will occur.
 - any known practice locations where practices will occur for a particular contest. If locations are not determined early in the judging season, let the county 4-H educator know in advance of locations being secured and utilized so a certificate of liability insurance can be obtained, if requested by the property owner.
 - any contest dates and locations occurring outside the county as additional safety measures are required.
- Complete Post Event reporting
 - After returning from an out-of-county or out-of-state event, the coach must work with the county 4-H educator so a post-event report can be completed with Purdue University youth protection in Ideal-Logic.
- Comply with Purdue University and 4-H [policies and guidelines](#) including [youth protection](#).

Travel and Overnight Requirements

- Ensure adequate supervision by approved 4-H volunteers by having at least two 4-H volunteers present at all times and maintaining a 1:10 adult to youth supervision ratio.
- Consult the county 4-H educator if a practice or contest requires an overnight or out-of-county trip. Allow 30+ days for trip management.
- Ensure anyone driving a vehicle transporting 4-H youth is an approved 4-H volunteer and an Approved Driver with Purdue University (RM01) must be approved (a process that typically takes 5-7 days).
- Follow all out-of-county and overnight trips requirements which include:

- at least two approved adult drivers.
- 1:10 adult to youth supervision ratio
- a current health form for every 4-H youth participant and adult volunteer when traveling out-of-county
- event registration in 4-H Online
 - health forms collected and shared with trip leaders should an emergency situation arise, first aid be required, or over-the-counter medication be requested by the youth participant.
 - activity insurance secured
- and the event registered with Purdue University youth protection in Ideal-Logic. Event registration in Ideal-Logic is to be completed at least 30 days prior to when the registration for the youth program opens.
- Additional 4-H volunteer training
- ALL Event Insurance
 - Purdue Extension Indiana 4-H Youth Development provides activity insurance for every 4-H youth participant and approved adult volunteer. This annual policy does not cover out-of-county or overnight events, so the 4-H coach will need to work with their county 4-H educator to obtain this activity insurance and determine how it is to be paid. Current premium rates are \$0.30 per person per day, with a minimum \$8.00 premium per event.
 - Purchasing activity insurance when participating in an area qualifying or state event is not required as this insurance is included in the registration fee, provided all travel is same day. If an overnight stay is included, additional activity insurance must be purchased for coverage of the additional day(s).

Contact the county 4-H educator with any questions.

4-H Volunteer Enrollment

2024 Volunteer Enrollment- A Three Step Process

4-H Coach Checklist

	Complete the Program Director training in Ideal Logic. Program Director training will be available in 4-H Online after October 1 and required as part of the 4-H volunteer approval process. The county 4-H educator can provide guidance to get a coach started with this process.
	Complete the driver authorization form (RM01) and return to 4-H Educator allowing at least 5-7 business days for processing., <ul style="list-style-type: none"> • check the volunteer • list 4-H as the department • leave Organization Number and Department Contact blank. • leave PUID blank unless currently employed by Purdue or enrolled as a student. For security reasons and to protect personal information provided on this form, it is best to deliver this form in-person to the county extension office, or use a secure electronic file delivery system.
	If other adults will be assisting, work with the county 4-H educator to determine if their involvement requires them enrolling as a 4-H volunteer or if completion of the Non-Purdue Extension Guest Presenter/Partner form will suffice. <ul style="list-style-type: none"> • If the adult's only involvement will be setting up one judging practice and be in attendance during that judging practice, then a Non-Purdue Guest Presenter/Partner form is required. These individuals cannot be counted in supervision ratios and must be supervised by 4-H Volunteers. • If the adult will be assisting multiple times or will be traveling with or providing transportation, they must be an approved 4-H volunteer.
	Communicate practice schedule with county 4-H educator and include: <ul style="list-style-type: none"> • Youth and adults who will be participating • Frequency of practices • location of all practices • any contests the team will participate in prior to area or state events, • final date of this contest judging season,

	<ul style="list-style-type: none"> any other pertinent information.
	Ensure each 4-H member completes their 4-H Online event registration after being notified by the county 4-H educator the event has been created and is ready.
	Work with the county 4-H educator regarding youth protection compliance and to obtain activity insurance for any out-of-county or overnight experience, and discuss how this will be paid. Activity insurance is not required for travel to area qualifying or state events provided travel is same day.
	Notify the county 4-H educator as plans change throughout the judging season.
	Notify the county 4-H educator if any 4-H member registered for the judging event drops off or was dismissed from the team so it can be recorded in 4-H Online.

4-H Youth Development County Educator Checklist

	Verify each adult is an approved 4-H volunteer or has completed the Non-Purdue Guest Presenter/Partner form and you have completed the National and State Sex and Violent Offender Registry Check prior to their participation at a judging practice. .
	Verify the coach has completed their 4-H Volunteer Enrollment including Program Director training included in 4-H Online or in Ideal Logic.
	Submit completed driver authorization forms using the same process as other 4-H volunteers. Consult the Area Director for guidance.
	Provide the coach Non-Purdue Guest Presenter/Partner forms and discuss with them this forms intent, who must complete it, and the need for completed forms to be returned to the county extension office to allow 5-7 days for processing.
	Register the judging event with Purdue Youth Protection using Ideal Logic or POMP-X.
	Create a judging event in 4-H Online. Set up the registration type using the extended health form and initiate the registration for each 4-H member and adult volunteer participating. Provide instructions to the coach so they can ask participants to complete this registration process.
	Once all participants have registered, download health forms and provide a copy to the coach. Discuss with the coach the need to keep these in a secure location, have readily available when traveling with youth participants, and confidentiality expectations. Health forms should be returned to the county office at the conclusion of the judging season.
	Obtain AIL activity insurance for any out-of-county or overnight experience, other than participating in area qualifying or state event that is same day travel.
	Discuss with the 4-H coach Purdue University policies and procedures including youth protection, and ensure the event is in compliance.
