The Indiana Jobs Outlook

Indiana's Priority Sectors

- Advanced Manufacturing
- Building & Construction
- Information Technology & Business Services
- Health & Life Sciences
- Transportation & Logistics
- Agriculture

National Trends

- A **dynamic workforce** that constantly upskills and reskills
- Don't get caught up in the **STEM hype** to the detriment of the humanities
- Those able to **apply knowledge** will fare best
- Success will take the **right mix of heads** in the workforce
- Workers will have to **upskill continually to stand still financially**

(From Deloitte: The future of the workforce—Drivers and Challenges)

The opportunity: a mix of hard and soft skills
