

# Country A

- We are all equal.
- We have plenty of whatever we need.
- We don't use money; we trade "things" just to be generous and for fun.
- We care for others and try to help them find happiness. We are open, warm and kind.
- We are always touching the hands, arms and shoulders of others.
- When we meet people, we shake hands, pat them on the arms and shoulders and know they'll do the same.

- When we meet people, we shake hands, pat them on the arms and shoulders and know they'll do the same.

- We always offer to help and give people things even if they don't ask for them.
- We are very enthusiastic and cheerful so we dance and bounce up and down on our toes, and walk very quickly.
- We talk very fast and end every sentence with d-d-d-d-d-da.
- Our religion is a very joyful one where we express our sense of community and caring for others.
- Our favorite ritual is the "Bell Ringing." When it rings we stop what we're doing, join hands with anyone near and dance in a circle.

- We always offer to help and give people things even if they don't ask for them.
