

4-H/FFA Crops CDE Scantron Instructions

Before the contest begins:

1. Each contestant will need to bring multiple #2 pencils as a sharpener will not be available.
2. Write your team name in the space provided.
3. Using one blank per digit, write your team number in the boxes provided then fill-in the corresponding bubble below each digit.
4. The Group letter is your assigned rotation group. This letter will NOT be bubbled on your form.
5. Using one blank per letter, write your last name in the boxes provided then fill-in the corresponding bubble below each letter.
6. Using one blank per letter, write your first name in the boxes provided then fill-in the corresponding bubble below each letter.

Exam:

1. Use the section labeled Exam.
2. Fill-in the corresponding bubble indicating your answer from choices A-D provided for each question number.

Grain Grading:

1. Use the worksheet and answer sheet provided.
2. Grain grading will be manually scored.
3. The contestant's raw score will be entered in the section labeled Practicum 1 by an adult in the tabulation room.

Identification:

1. Use the back side to complete this section of the contest.
2. There are three parts to identification; Seeds; Disease, Damage, and Insects; and Plants.
3. Be sure to use the correct labeled section when bubbling answers.
4. Each contestant will be provided a list of possible answer choices with a number assigned to each.
5. Each specimen has three digit blanks. Using one blank for each digit, write your three digit answer number in the corresponding specimen number, then bubble in your answer. For example, if you believe plant specimen 3 to be Quackgrass, contestants will write on their Scantron form in 3 of the plants section 345, then fill-in the bubbles accordingly.

Contestants will keep their Scantron form for the duration of the contest. Completed Scantron forms will be turned in to the room monitor when you have completed the last contest section.
