Enrolling in 4HOnline as a NEW Adult Volunteer

Individuals expressing interest in becoming a 4-H Adult volunteer should visit the local Purdue Extension Office to complete the paper application and screening process. Once the application and screening process has been completed and assigned a volunteer role by the 4-H Youth Extension Educator, adult volunteers can be added into 4HOnline.

Your county Purdue Extension office staff can assist you with beginning the Adult Volunteer enrollment process in 4HOnline, the preferred method of enrollment, or provide you with a paper enrollment form.

To enroll in Indiana 4-H through the 4HOnline data management system, you need a computer or tablet, internet access, a valid e-mail address and a web browser.

1. Go to https://in.4honline.com (notice there’s no “www” in that address).
2. Click “I need to set up a profile”. A drop down menu will appear. Select the county of your assigned 4-H volunteer duties, then type in your valid family e-mail address.
   *E-mail addresses must be valid in order for you to have access to your enrollment information—it’s your account login as well as how you receive information. If you do not currently have a valid email address, you can quickly create one for free using Google’s Gmail, Yahoo mail or any other free email client of your choice. See the company website of your choice for information on setting up a free email account.
3. Confirm your e-mail address.
4. Type in your household’s last name. (This will be the name that appears on mailing labels—“The Johnson Family” for example.)
5. Create your password – must include letters and numbers/symbols with a minimum of 8 characters.
6. In the Role field select Family.
7. Click on “Create Login”

To move between boxes, you need to use your mouse or the TAB key. Don’t press the ENTER key or click on the BACK ARROW – you will lose any information that you have entered.
This is the Family Information page. Fill in requested information correctly and completely. All fields in BOLD are required information.

8. Make sure that you choose your correspondence preference to either “Mail” or “Email”. If you choose Mail as your correspondence preference, then most of your correspondence with your county Purdue Extension Office will come via the US postal service. If you choose Email as your correspondence method, then most of your communications from the county Purdue Extension office will be through Email.

9. Do not check the “update member records” box at this time.

10. You do not need to complete the Password Management section as this time. You have already created your 4HOnline password on the Login Page.

11. Click on the “Continue” button at the bottom of the page.

You are now at the “Member List” page.

12. In the drop down box under “Add a New Family Member”, select “Adult” and click on “Add Member”.

This is the “Adult Personal Information” screen. Fill in all information for this member correctly and completely.

13. If you have a DIFFERENT e-mail address than the family one entered at login, enter it in the Email box.

14. If your last name is different than the household name, make that change on this page.

15. Complete each field in BOLD. These are required fields.

16. Text messaging: This is optional. Enter your cell phone number, check the box if you are willing to receive text messages via 4HOnline, and choose your cellular provider from the list. Texts will be used for last minute meeting notices and other priority information, only from county staff, not auto-generated through the program.

17. Are you a volunteer? Mark “yes” if you are a screened and approved 4-H Adult Volunteer.

18. Ethnicity – if you consider yourself to be a part of the Hispanic culture, mark “yes”.

Once your enrollment has been submitted, it is sent to your county Purdue Extension Office to be reviewed. If there are any issues with your enrollment – incorrect or missing information, etc. – you will receive an e-mail with instructions for logging back in (with the same email/password you set up) and making the necessary corrections. If there are no issues, you will receive an e-mail stating that you have been accepted and will have access online to your enrollment to make any updates throughout the 4-H year.

Keep your login (family email address) and password handy so that you can log in to the website and update your records as needed. Changes in address, phone number and email address are items that should be kept up to date.
Next year, when it’s re-enrollment time, you’ll log in to the records you created this year, and simply “reactivate” any members or adult volunteers in your family—the family information only needs to be entered once.
