Soybeans

What is in it for me?
The Soybean project introduces you to one of Indiana's major crops, the soybean through fun experiences and hands-on projects.

What can I learn?
You will learn about selecting soybean varieties, planting soybeans, uses for soybeans and harvesting soybeans.

Exhibit Introduction

All posters, notebooks, and display boards must include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member’s exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or display board, be the last page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed.
