My very first and last time at SJLC was so amazing and impactful. Thank you to everyone for an experience I won't ever forget. I miss you all so much, especially my Wolverines. Much love.

It's hard to think that a few days ago most of us were strangers, and that in 3 days you can make friendships that will last the rest of your life, memories that last a life time, and smiles that will never be forgotten. I know its changed me, we walked out of those doors like one big family!! and I thank every one for making it a amazing trip its sad its my very first and last SJLC.....#SJLC2013 best time ever!!!

30 Friend Requests: that's a record for me. But that's 30 people who I can connect with, and help when they need it. SJLC 2013 was more amazing than I could have ever imagined. Thank you all so much for making this conference absolutely amazing!

4-H is an amazing thing. You get to go on all these trips, meet awesome people who you can have long lasting friendships with. But not only that, but 4-H is just a great way to be involved in something. It teaches you about responsibility and in some ways it can teach you about leadership and a lot more. Without 4-H I wouldn't have met any of these guys or any of my other amazing friends from all over the county. If you get the chance to do 4-H and go on any of these trips, do it. It's scary at first, especially if you're the only one and you don't know anyone. But once you get to know everyone, you'll have a blast and you won't regret it. It's an amazing experience and in some ways, it's life changing. If you have any questions about 4-H or the trips or how to get involved or just anything, don't be afraid to ask! #missyouall #seeyousoon #bestfriendsforever #lifelongfriends #4H
