Objective 3

Identify steps involved with presenting a motion.
Motion

- A motion is a formal way to bring an idea, proposal, or plan of action before a group.
- A motion is part of an orderly way to conduct business using parliamentary procedure.
- A motion calls for discussion and action by the group.
Steps to Make and Handle a Motion

- Discussing
- Amending
- Voting
A member who wants the club to do something makes a motion.
The member must address the President.
The member must be called on by the President.
The member may make a motion by saying, “I move…”. 
The motion is then seconded by another member.
The president restates the motion and asks for discussion.
Discussion is held on the motion.
Repeat the motion.

“Are you ready for the question?”
A vote is taken to ask who is in favor of and who is opposed to the motion.
All in favor say “Aye;” all opposed say “No.”
“The motion is passed.”

-OR-

“The motion is lost.”
Before another motion can be made, a motion that is seconded must either be:

- Voted on
- Withdrawn
- Amended
- Tabled
To Amend a Motion

• An amendment is recognized.
• The amendment is seconded.
• Discussion is held.
• A vote is taken on the amendment.
• If approved, discussion is held on the amended motion.
• A vote is taken on the amended main motion.
• Any number of amendments may be made one after the other.
To Withdraw a Motion

Both the person who made the motion and the person who seconded the motion must agree that it be withdrawn.
To Table A Motion

If more information is needed, or there is not enough time to discuss and vote on a motion, it may be tabled.

• A member moves to table the motion.
• Another member seconds the motion.
• A vote is taken.
• No discussion is taken, but tabling does require a majority vote to pass.
Objective 4

Recognize various methods of voting.
Voice Vote

- The chair asks those in favor to say, “Aye” or “Yes.” Those who are opposed are asked to say, “Nay” or “No.”
- The president should not ask those who are opposed to “respond with the same sign.”
Show of Hands

• This method is recommended for small groups.
• Chair asks members who are in favor to raise their right hands. After the count is taken, those who are opposed are then asked to raise their right hands.
Rising to Vote

- This method should be used to verify a voice vote and on motions requiring a 2/3 majority vote.
- Chair asks those in favor of the motion to rise. After counting, these members are asked to sit. The chair then asks those opposed to rise.
Ballot Vote

• This method involves writing a vote on a slip of paper.
• This is a good way to vote for officers, or to vote upon controversial motions.
• The chair should appoint individuals to distribute, collect, and tally the ballots.
Objective 5

Differentiate among five types of motions.
Privileged Motions

• These motions do not relate to the pending question.

• However, they involve matters of such urgency or importance that, without debate, they will interrupt the consideration of anything else.
Incidental Motions

• These motions deal with questions of procedure and arise out of another pending motion or item of business.

• With the exception of the motion to appeal from the ruling of the chair, they're not debatable.
Subsidiary Motions

• These motions assist the group in treating or disposing of a main motion.
• They can hasten action upon, delay action upon, or modify the main motion.
Main Motions

• These motions bring business before the group.
• These allow formal discussion upon an item of business before the group makes an informed decision.
Unclassified Motions

• These enable certain items to be reconsidered.
• In general, they are brought up when no business is pending.
