Thank you for your interest in supporting and participating in the 2026 Indiana Organic Grain Farmer Meeting — set for Wednesday, Feb. 18 at the [Beck Agricultural Center](#) in West Lafayette, Indiana!

This annual education and networking event for Indiana and the surrounding region has impacted hundreds of participants since its inception in 2019. Each year, the event has attracted farmers, ag professionals, researchers and the general public.

Exhibitor spaces are limited and arranged throughout the facility. Although it lacks a formal exposition/trade show hall, the center regularly handles events with 200+ attendees.

Please note that exhibition times are on February 18th only. Breaks are scheduled during the program for attendees to engage with exhibitors and sponsors.

Details on sponsor and exhibitor opportunities follow. Space is limited, so register early! Spaces are filled on a first-come, first-serve basis as payments are received. Please note that if you register later than January 28th, your company logo will not be printed in our event program.
