BEEF SKELETAL PARTS

Locate these Beef Skeletal Parts

- | | |
|---------------------|-----------------|
| A. Scapula | E. Tibia |
| B. Lumbar Vertebrae | F. Metatarsus |
| C. Hip Joint | G. Stifle Joint |
| D. Femur | H. Mandible |

Answers can be found in the OSU Beef Resource Handbook – 4-H 117R.

Purdue University is an equal access/equal opportunity institution.
This material may be available in alternative formats.

1. Beef carcass evaluation is accomplished through two grading systems:
_____ grading and _____ grading.
2. The average dressing percentage for steers and heifers is _____%, but can vary greatly with changes in the type of cattle.
3. Marbling is the small flecks of fat that are in meat. In cattle, marbling degrees (the amount of fat) help to determine the Carcass Quality Grade (i.e. prime, choice, etc.). List the degrees of marbling found on the Quality Grade Chart.

highest

_____ Slightly Abundant _____

_____ Slight _____

_____ Practically Devoid _____

lowest
