

Sample Narrations for Fashion Revue

These samples are for sewing but you can modify for Wearable Art by including how you made it and what materials you used. For Consumer Clothing, describe your outfit the same as sewing but include why you chose the outfit. For all three projects you can always fill in with school name and activities, 4-H club name, projects taken or anything else you want to share with the audience.

Feel free to modify these or write your own. Narrations are to be written or typed on the back of your Fashion Revue Entry and are due at check in.
