## Comparing 4-H Online & Fair Entry

We are now going into our 7th year of using 4HOnline and the Fair Entry systems. We still have seasoned 4-H families who are not entering their projects in Fair Entry. [Fair Entry is for Every 4-H'er planning to exhibit at the fair whether it's building or livestock projects.](#) The fair check-in system would work more smoothly if everyone would do their part. Even though the new online system has presented some challenges, we continue to make great strides in making the 4HOnline Enrollment and Fair Entry process easier.

Below is a chart that shows you the purpose of 4-H Online and Fair Entry. Check off the following tasks, as you complete them.

### IN 4-H ONLINE YOU WILL . . . . .

- Enroll in 4-H
- Enroll in projects you intend to complete.
- Identify the following species: Beef, Dairy, Goat, Sheep, Swine, Horse (requirements vary by species).
- Sign up for County and Area Events, (such as 4-H Round-Up or 4-H camp).

### IN FAIR ENTRY YOU WILL . . . . .

- Enter all of your project(s) into the correct levels, divisions, or classes that you will be exhibiting at the fair (**Non-Animal and Animal**)
- This system will be used for **ALL projects**, with the exceptions of mini member's.
- All livestock must be entered into the **correct** classes at this time.

### 4-H Online

- May 15th is the deadline to add or drop projects—this is for ALL projects.

### Fair Entry

- May 17: Fair Entry Opens
- All Projects Non-Animal and Livestock enter in Fair Entry May 17—June 15.

# Try a New Project

## Entomology

Learn about all about bugs. Display an insect collection identifying insects you personally collected in the United States or display a poster board that shows the public what you learned in the entomology project this year.

## Genealogy

Learn about where your ancestors are from by building a family tree. Continue to build you family tree each year as the project requirement progress. You can learn a lot about your family's history.

## Reminder: Please Mail Your Thank You Notes

All 4-H exhibitors are reminded to send thank you notes to award sponsors and livestock auction buyers. It shows great respect when you can show your appreciation for those that have provided great honors to you. Award sponsor information generally appears on your award. The Extension Office has 4-H thank you cards available, as well as helping you with a donor's mailing address.

### Share Your Skills

### Become a Volunteer!

We are always looking for individuals to volunteer with the 4-H program as a club or project leader. If you are interested or know someone who is interested in volunteering, simply fill out a volunteer application form from the Extension Office. We can mail, fax, or email you a copy of the application. Once you return the completed form, we will begin the process to make you an approved volunteer.

## 2021 4-H Ten Year Members

again to all of our 4-H Ten Year Members! It is a special honor to achieve ten years of 4-H work, and these young people should be commended for their years of dedication to the program. **Would you still like to be involved in the 4-H program? How about becoming a 4-H volunteer?** Call the Extension Office and we will mail you an application.
