Overall Exhibit Guidelines:

Members are to create realistic toy dioramas from custom-built or manufactured farm toys. In all levels the member must use the same scale throughout the display, i.e., 1/64, 1/32, or 1/16 scale toys.

Remember these items will be on display to the public. Effort is made to watch them, but it is suggested that you NOT display valuable items. Consider adding a clear cover to protect the exhibit while being displayed to the public.

Exhibitors should be considerate of space. Exhibits too large to safely move or requiring lots of space should be exhibited using photographs and a description of work in a notebook.

If an exhibitor is concerned about their creation being damaged while on display, they should consider constructing a clear plastic cover to encase the exhibit.

Display using base size no larger than 24" x 48" and constructed of rigid wood, such as plywood as the foundation board. The board may be flat or contoured. Items must not exceed the edges of the base.

Exhibit can be created to replicate a farmstead, farm tillage, or agricultural scene (livestock auctions, farm auctions, implement dealerships, agricultural educational events, agricultural field events, etc.) Each year exhibit should be more advanced than the previous year.

BEGINNER (Grades 3-5 suggested): Create and exhibit one age/grade appropriate artistic scene or replica.

INTERMEDIATE (Grades 6-8 suggested): Create and exhibit one age/grade appropriate artistic scene or replica.

ADVANCED (Grade 9-12 suggested): Create and exhibit one age/grade appropriate artistic scene or replica.
