

STATE FAIR

Some projects are eligible to go to the Indiana State Fair. Each project that is eligible for State Fair is labeled "State Fair Exhibit" and lists the number of entries that can be sent from that project category. State Fair Selection Process

State Fair projects are chosen by a panel of judges. Each project's judge makes recommendations based on which project they think should go to the State Fair. A panel of judges then takes all of the recommendations into consideration to make the finalized decision. All decisions are final.
