Struggling with parasite control in your flock or herd?

This program will cover strategies to effectively manage internal parasites (worms) and reduce the risk of dewormer resistance on your farm. Following the presentation, participants will take part in a hands-on session learning to use FAMACHA cards—a practical tool to determine whether animals need treatment or are healthy.

If you have any special dietary needs, please contact Brandy Cavanagh at (574) 533-0554 bcavanag@purdue.edu two weeks in advance.

If you are in need of accommodations to attend this program, please contact Brandy at (574) 533-0554 jennin30@purdue.edu two weeks in advance.

If you need an interpreter or translator, please contact Kathryn (574) 533-0554, jennin30@purdue.edu two weeks in advance.
