MARCH/APRIL 2023

CLOVERPRINT

Making the Best Better

Harrison County 4-H Families,

Will it rain? Will it snow? Why have my daffodils bloomed in February? Sometimes spring can be a little uncertain. But one thing is absolutely true. We have a busy spring ahead for our 4-H members. Take a few minutes and read this edition of the Clover Print and learn more about our meat evaluation workshop, Livestock ID days, performing arts contests and more!

An important update to remember: All youth showing livestock in Indiana 4-H must complete the Indiana 4-H Quality Livestock Care Training or the online YQCA certification. This must be completed before the fair. In person class dates are published inside, and there are many to choose from. Or complete it from the comfort of home with YQCA.

Also, be on the look out for information about 4-H Camp, 4-H RoundUp and Purdue Academy. RoundUp dates are later in June this year, so our 7th, 8th, and 9th graders will want to investigate that opportunity.

As always, please reach out if you have questions.

Rebecca Wilkins

All 4-H Youth (Standard and Mini) are able to get a t-shirt. The online order form will be open until March 31st. There will be no extras ordered this year so make sure to spread the word to order your shirt as soon as possible!

4-H Online Project Sign-Ups:

The Extension Office has started pulling project manuals. Traditional members, please go through your profile to ensure you've entered the projects you plan on entering in this year's 4-H Fair.

Traditional members-Remember in 4Honline the project 'Arts & Crafts' will cover ALL the arts & crafts projects. If you are taking a specific arts & crafts project for the 1st time, please let us know when you come to the office to pick up your manuals so we can pull the specific project manual. Fair Entry is when you'll enter what arts & crafts items you will bring to the Fair. The 4-H handbook is on our website for you to check on project requirements.

Mini's- The only Mini project you can sign up for in 4honline is "Mini 4-H project". Please see the attached list of Mini manuals to choose from. Please bring this slip with you to the office for pick-up. Mini's can enter any projects or art work they have created at home, in a 4-H club/class, or even at school. We encourage Mini's to take pride in their accomplishments by showing off their handiwork at the Fair.

4-H'ers from all over Indiana in 7th-12th grade on February 7th, 2023 took a trip to the Indiana Statehouse! Participants toured the Statehouse, met representatives, and had the opportunity to serve as pages.

SUCCESSFUL WORKSHOPS & PROGRAMS

South Central 4-H After School Enrichment Program

February is Heritage Month for the South Central 4-H After School Enrichment Program. This month they learned about the history and significance of quilts. Quilts are an important piece of our heritage. They hold the history of the materials used to make them and offer insight into the social, cultural, and economic history of an area. Each youth made a miniature barn quilt on canvas and display easel showing their Harrison County heritage and South Central spirit using the school colors.

Texas A&M Horse Judging Camp

The Harrison County 4-H Horse Judging Team had lots of fun at Hamilton Southeast High School with Texas A&M Horse Championship Horse Judging Team. They learned a lot and spent about 15 hours in class. Annette Stansbury and Lora Schmelz also attended to accompany the team.
It was a great weekend!

Mini 4-H String Art Workshop

4-H Mini members (K-2) had a great time learning about things you can make with string (and yarn). Sewing by hand is a great life lesson. The mini's practiced this skill by making a string art Valentines Day card. We also tried our hand at twisting yarn around nails in a small wooden circle to make a yarn art heart. One of the read-a-loud books for the class was "Lost, A Story of String". Each child was given a loop of string and shown how to make string figures shown in the book as we enjoyed the story. Instructions for making more string figures went home with each child.

Leather Craft Workshop

The Leather Craft Workshop on February 18th as a huge success. The youth picked out their own unique leather craft kit to personally customize with stamping, carving, simple sewing, and dye. Thank you to Eugene Cooper who brought a wide variety of kits and a great team of volunteers to help everyone learn the art of leather crafting!

HARRISON COUNTY MINI 4-H

What is Mini 4-H?

Mini 4-H is a noncompetitive 4-H program for youth in grades K-2. Mini 4-H is designed to introduce you and your child to the 4-H program and is an excellent way for children to learn by doing and to exhibit projects at the fair. Mini 4-H members also have the opportunity to attend club meetings, workshops, and a summer day camp just for Mini 4-H'ers.

The noncompetitive learning environment for Mini 4-H includes:

1. Planned learning activities in which children are invited to be active and explore materials and ideas without the pressure of completing a specific product or exhibit.
2. Low adult/leader to child ratio that allows time for adults/leaders to provide individual positive encouragement and assistance.
3. Simple, interesting activities that are fun.
4. Encouragement of children to participate in a group activity by sharing and or displaying their activity projects.
5. Rewards are identical ribbons of the same color for everyone.

There is no limit to the number of projects youth can sign up for, however, try not to overwhelm a child with too many projects.

Mini 4-H Project List:

BICYCLE: Learn bicycle safety, all about road signs and the parts of your bicycle.

CRAFTS: Do you like to paint, draw, play with clay and use your hands to create crafty things? This is the project for you!

COLLECTIONS: Learn about collecting. Tell us what you like to collect and why. Bring your collection to the Fair!

CREATIVE WRITING: Do you like to tell stories about your adventures? Learn how to add more excitement to your stories!

CUPCAKE: Make frosting and create pretty little cake creations that look good enough to eat!

DINOSAURS: Do you know how big a dinosaur was? How about what they ate? Learn about your favorite dinosaur by taking this project.

ENTOMOLOGY: Learn about ants, butterflies, bees and other creepy crawlies.

FARM ANIMALS: Cows, pigs, horses, chickens; all your favorite farm animals are featured in this project!

FOODS: Make your own trail mix, cook no-bake cookies and bake with biscuits! Learn how to make great treats your family will love.

FORESTRY: Learn about different trees and what makes them special.

GARDENING: Growing a vegetable garden does not have to be boring. You can plant hot and spicy peppers or cool cucumbers! Grow something you've never eaten before.

GENEALOGY: Learn about your family through old stories, pictures, and records. Become an Ancestor Detector!

HORSE & PONY: What kind of horse do you have? Learn about different breeds of horses, some safety rules and to care for your horse.

HORSELESS HORSE & PONY: For horse lovers who don't have horses. You too can learn about caring for horses, horse breeds and other fun facts.

MODELS: Models are small versions of the things around us. Use snap together parts, Legos, toothpicks or many other things to build miniature cars, buildings, bridges or anything you can think of.

MY PET & ME: Have fun with Fido, Fifi, or whatever you named your pet. Watch and learn what your pet can do.

PHOTOGRAPHY: Learn the Do's and Don'ts of taking pictures and how to get that perfect shot. Learn about close-ups, landscapes, portraits, and more!

PLANTS & FLOWERS: Learn about what plants and flowers need to grow both outside and in the house. Help make our planet pretty!

SEWING: Want to learn how to sew? Take the first steps with this project!

SPACE: Be an Astronaut in training! Learn about the Sun, Stars and Space flight.

TREES: Trees come in many shapes and sizes, just like people. Learn how trees grow, how old a tree is and how to tell the name of a tree just from its leaves.

WHALES & DOLPHINS: How do whales & dolphins breath? What is sonar? What is the biggest whale? You'll learn all this and more with this project.

WILDLIFE: Observe birds, chipmunks, squirrels and the other creatures that live in the woods.

WOODCRAFT: Have you been wanting to build with wood. Projects in this manual include popsicle stick art, building bookends and finally making a place to keep your tools.
