# What is Mini 4-H?

Mini 4-H is a noncompetitive 4-H program for youth in grades K-2. Mini 4-H is designed to introduce you and your child to the 4-H program and is an excellent way for children to learn by doing and to exhibit projects at the fair. Mini 4-H members also have the opportunity to attend club meetings, workshops, and a summer day camp just for Mini 4-H'ers.

The noncompetitive learning environment for Mini 4-H includes:

1. Planned learning activities in which children are invited to be active and explore materials and ideas without the pressure of completing a specific product or exhibit.
2. Low adult/leader to child ratio that allows time for adults/leaders to provide individual positive encouragement and assistance.
3. Simple, interesting activities that are fun.
4. Encouragement of children to participate in a group activity by sharing and or displaying their activity projects.
5. Rewards are identical ribbons of the same color for everyone.

There is no limit to the number of projects youth can sign up for, however, try not to overwhelm a child with too many projects.
