## What is 4-H?

4-H is the largest youth serving organization in the country for youth in grades K-12. It is a volunteer led organization that reaches youth through a variety of programs in both rural and urban settings. In 2025, Jackson County had over 700 youth enrolled in 4-H clubs. We offer over 70 different projects for youth to choose from.

4-H provides fun, educational opportunities at the local, area, state, national, and international levels. One of the activities that we offer at an area level is 4-H Camp. This is an exciting time for 4-H members to meet new friends and venture away from home for a few days.

The Indiana 4-H Youth Development mission is to provide real-life educational opportunities that develop young people who will have a positive impact in their communities and the world.

Indiana 4-H Youth Development strives to be the premier, community-based program empowering young people to reach their full potential.
