

Dear Sponsor,

I am reaching out to humbly seek your support and partnership in our fundraising initiative on behalf of the Pike County Community Leadership Program – Class of 2024. We believe that with your support, we can complete a project that will make our parks and trails more enjoyable for Pike County residents and visitors.

Over the last few months, our Leadership group has been engaged in a transformative journey, learning essential skills and gaining valuable insights to become more effective community leaders. We have delved into various aspects of community leadership, building a foundation of knowledge and fostering personal growth. As part of the program, we are hoping to complete a community project in conjunction with the Petersburg and Winslow Park and Recreation Boards.

Hornady Park is a valuable outdoor recreation area for our community. The City of Petersburg has installed new playground equipment at the park, and with your support, our Leadership group would like to revamp the Hornady Park Nature Trail. We want to contribute a butterfly garden outside the trail, clear trees from the path, and add signage and lights to bring attention to the trail entrance.

The Winslow Park & Rec Board have been working to improve the Winslow Park as well. They recently received a grant to install pickle ball courts, and they are adding soccer fields to the park for the middle school. We were inspired by their commitment and wanted to contribute to their vision by providing a wooden walking bridge over the creek, signage for their new walking trail, and mulch and plants to foster a more welcoming and safe environment.

We are kindly requesting your sponsorship to help us achieve our fundraising goal. These funds will be used to purchase native plants for the parks, mulch, signage, solar lights, and materials for the walking bridge. Both of these locations are an important and integral asset to their communities, and with your donation we can make it that much better!

Your sponsorship will make a significant difference in the success of this project. Our donors will be acknowledged through various means, including:

- Recognition on social media platforms, highlighting your commitment to community development.

- Prominent display of your company name on signage at the Winslow Community Park and Hornady Park, showcasing your dedication to the community.
- Mention of your sponsorship in local press releases and media coverage, extending the reach of your company's positive impact.

Any amount received will be graciously accepted, and with your assistance, we know this project will be a success. With your help, we can complete a project that will benefit Pike County residents, and ultimately, create a lasting, positive impact. We would like to receive donations by April, 30th 2024.

Please contact us at 812-354-6838 to discuss any questions you may have around your sponsorship. We hope to hear from you soon and we thank you for your consideration.

Kindest Regards,
The Pike County Leadership Program
