

MOBILE AQUATIC EXHIBIT

TIDE POOL CREATURES

July 24, 2025 at 1:30PM

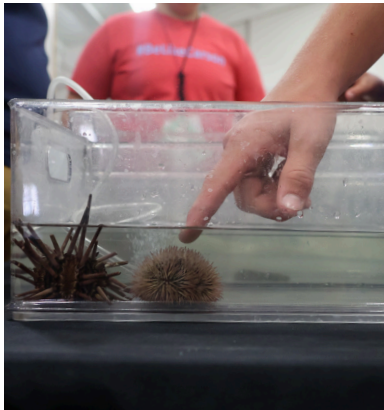

A Summer of
STREAM

(Science, Technology, Reading, Engineering, Art & Mathematics)

Participants of all ages are encouraged to join the WAVE Foundation as they bring science alive this summer with Tide Pool Creatures! Attendees will learn about the hidden ocean gems that occupy tide pools, such as sea urchins; crabs; and starfish. This fun, interactive display will allow attendees to experience this sect of marine life up close! Attendees will learn how these resilient creatures survive in their dynamic habitats.
