Health & Safety Tip

Grain Bin Safety
Why?
Grain bins are great for storing grain or feed but they can be dangerous especially if it is being filled or emptied.
When?
Keep in mind these safety measures anytime you are near or working with Grain Bins.
How?
One of the most important rules to remember is that **no one should ever go inside a grain bin that is being loaded or emptied**. Flowing grain is like quick sand. It can trap, bury, and suffocate someone in just seconds. Anytime you have to enter a grain bin, take the following precautions:

- shut off and lock out the power
- use a safety harness and safety line
- wear a dust filtering respirator
- be sure there are several people available outside of the bin in case there is an emergency

Other considerations to help keep people safe around grain bins may include:

- labeling the bins to warn of entrapment hazards
- lock entrances to grain bins to keep bystanders and children out
- install ladders inside all bins

FairEntry Information

It's the time of year where we now ask 4-H members to complete FairEntry. Fairentry is the system we use to enter what projects you are bringing to the fair, make show bills, create judges packets, input results, and so much more.

It is highly important that you complete FairEntry by July 8th to be fully eligible to compete at the fair. According to the Indiana State 4-H Policies and Procedures Section 4.6 Exhibition Deadlines, 4-H members who make no attempt to complete FairEntry, the following rules apply:

For livestock projects: "Those missing this deadline may exhibit and will have opportunities to receive feedback from the judge. Youth may still participate fully in showmanship classes."

For non-livestock projects: "Those missing the deadline may compete and the highest placing is 'blue'."

If additions or corrections are needed after the 4-H member has attempted to complete FairEntry, these will be made without affecting the 4-H members participation. Please let the Extension Office know of any changes as soon as possible.

Helpful Tips:

- We suggest using Fire Fox or Chrome to complete FairEntry. Internet Explorer doesn't work well with FairEntry.
- Remember you will use your 4-H Online Login Email and Password to access FairEntry.
- You must be enrolled in a project in 4-H Online before you can add an Exhibit for the project in FairEntry. If you need a project added into 4-H Online please contact the office.
- Double check that all exhibitors have all their entries created before submitting! Once you click "Submit," you will not be able to make any changes online. You will not be able to add another exhibitor or any more entries until the first submission is processed. Each submission is reviewed by a staff member and either approved or sent back.
- If you have questions or need to make a change please just give us a call, we are open Monday - Friday 8AM-4PM except for Holidays.

Attached at the end of the Newsletter is a "Step by Step Guide for Entering Exhibits in FairEntry System." This guide should help with 4-Hers registering all projects.

FairEntry Information

There is often times confusion between 4-HOnline and FairEntry. Please use the infographic to the right and the FAQ section below to help. if you have further questions don't hesitate to give us a call at 812-689-6511

Frequently Asked Questions:

"Who all must complete FairEntry"

All 4-H members who are exhibiting a project or animals at the fair must complete FairEntry. Mini 4-H members are not required to complete FairEntry but are highly encouraged to as it is good practice for the future.

"What all should I enter into FairEntry?"

You should have 1 entry per exhibit hall project and 1 entry per animal that you plan to show at the fair. Don't forget to include entries for event type projects such as pocket pet, communications, and fashion revue.

"When do I complete FairEntry?"

FairEntry is open until *July 8, 2024*. If you have corrections after this date please contact the office ASAP.

"Where do I go to complete FairEntry?"

In a web browser, preferably Chrome or FireFox, search:

http://ripleycountyindiana.fairentry.com

"Why do I have to do FairEntry?"

FairEntry is the System we use to let us know exactly what you're bringing to the fair. It also allows us to input results during the fair and share that information with the public.

"Didn't I already do that?"

You have likely completed half of the registration process through 4-H Online which is our Enrollment tool and Animal Identification tool. This FairEntry Process helps to tell us what exact projects or animals you are bringing to the fair.

Manuals, Project Books, & Record Sheets

Beginning this year, manuals, project books, and record sheets will need to be picked up from the extension office. Club leaders may compile a list of club members who need books and share this list with the office to schedule a pick up. However, the office will not be pulling books for every 4-H member because often times we must refile many books that people do not pick up. You may be thinking "I need my books!" What should you do? There are two options:

1. Come by the office between 8:00 and 4:00 on a weekday. If you're coming for books, consider letting us know a head of time and we can pull what you need before you get here. Our number is 812-689-6511.
2. Communicate with your club leader. Ask if there are other members in you club that may also need books. Club leaders can give us your names and we can compile a pick up for your club.

CPA Wanted

The Ripley County 4-H Corporation Board is in search of a CPA to conduct an audit and review of our accounts. If you or someone you know is interested in assisting with this, please contact the extension office at 812-689-6511.
