

Alexsiya Scott

Alexsiya is a 10 year member of the Finley Fantastics 4-H club. She is the daughter of Emily Scott & Steven Scott.

The major projects that she has taken in 4-H include foods, photography, dog club- agility & obedience.

Alexsiya's future schooling/job plans include attending Ivy Tech at Madison for their Radiology program through Norton's Kings Daughters Hospital.

The greatest contribution 4-H has made in Alexsiya's life is "it has made me a better person by helping me look at other points of view, like finding a meal someone with a special diet could eat."

Alexsiya describes the most important thing she learned from her participation in the 4-H program "How to put other's needs before mine and to think about how my actions can affect others in positive and negative ways. I learned how to be a leader and a role model to others and lead them in a good direction."
