

**Purdue Extension  
Master Gardener  
(EMG)  
Training Class for the  
fall of 2024.**

Scott County ANR Educator, Tom Springstun and Washington County ANR Educator Danielle Walker are offering the Purdue EMG Basic Training through weekly in-person sessions that would be held in Scottsburg, location yet TBD, based on number of participants. A minimum of fifteen(15) participants will be required to conduct the class.

A survey of potential participants is being conducted now to see what day of the week (M, Tu, W, or Th) and time of the day (9am - 12pm, or 1-4 pm, or 6-9 pm) is best for everyone. The time frame for the class will be August - December (no meeting the week of Thanksgiving) and Final Exam week is the third week of December.

The proposed fee for the training is \$190.00/person which includes the print version of the Purdue EMG Manual, and for an additional \$25.00 participants will also receive the digital version of the manual on a searchable flash drive. If two people from the same household want to share a print version of the Purdue EMG Manual, the total cost will be a proposed \$290.00.

If interested, please email Springstun by
