**Collecting Insect Specimens:** Insects can be preserved quickly and safely by transferring them to small bottles or boxes and placing them in a freezer for 1 to 3 hours.

Which insects did you gather?

---

---

---

Briefly describe your project exhibit.

---

---

---

What do you like best about your Mini 4-H project? \_\_\_\_\_

---

List two things you learned about this subject.

1. \_\_\_\_\_
2. \_\_\_\_\_

Moth vs. Butterfly – Draw a picture showing the difference between moth and butterfly antennae.

MOTH

BUTTERFLY

Why do you think some insects blend in with their environment?

\_\_\_\_\_

Name 3 ways insects differ from humans.

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

True or False: Spiders are insects.

All insects have three body parts or segments. The body parts of this insect have been separated so you can see where each body part is located. Name the three body parts on the insect.
