## 4-H Record Booklet

Project Manual

## **Why are we doing this?**

We want you to keep good 4-H records so that the year you become 15 years of age, you will have the information that you need to do an Achievement Record Book for State competition. This allows you to be in State Honor Group, win a trip to National 4-H Congress and possibly win a 4-H Scholarship for college.

## **Instructions**

The following pages are the forms you fill out for your project. Each section begins with directions for completion of each form. If additional sheets are needed for any of the forms, please stop by the 4-H office.

1. Participation in the local 4-H Club or group. (Begin with your first year in 4-H)
  - a. Write down the year on which you are reporting.
  - b. Write down how many meetings your club held.
  - c. Write down how many meetings you attended.
  - d. Write down any offices you held.
  - e. Write down any committees you worked on and put a CH after it if you were the chairperson.
  - f. Total the two columns in lead pencil so that you can add to it next year.

**Participation in the local 4-H Club or group**

2. 4-h Projects – Enrollment and Exhibits

Begin with your first year in 4-H and list your projects by year. Use one horizontal row for each year in 4-H and one vertical column for each project (each year you will complete a new row for the new year, but use the same column for a single project). List the project name at the top of the appropriate column. Indicate the project unit, total size of your project, what you exhibited, and all other work done including articles, animals, recipes, etc. Total the project column in pencil. List county exhibit ratings in column C, and State Fair exhibit ratings in column S. Each form has enough space for three projects, so stop by the 4-H Office for additional copies of this form if needed.

Example form:

### 3. Participation In 4-H Programs

For each year in 4-H, complete one of the following forms and report on your involvement in 4-H programs. Extra work in programs not listed may be added in the spaces at the bottom of the form or may be recorded in a written summary. These summaries can be in narrative or outline form. If you prepare a written summary, place an asterisk (\*) in a blank space at the bottom of the form and note your summary. Then attach the summary to the back of this sheet. You may also write a summary for a listed event if you like. Be short and to-the-point in your summary.
