

## 2025 Indiana State Fair Animal Project Exhibitor Information

**2025 Indiana State Fair dates: August 1-17**

**Theme: "The Soundtrack of Summer"**

Please note that if you plan to exhibit your animal at the Indiana State Fair in 2025, you must have had all of the required information entered on 4-HOnline when you enrolled your animal by the May 15th deadline.

Completing the 4-H Animal ID (v2.4online) is not the equivalent of entering the 4-H Animals Shows at the Indiana State Fair.

The State Fair entry process along with information regarding deadlines, policies and procedures is available at <http://www.indianastatefair.com>.

*Here are some quick links to help with the registration process:*

- 4-H Livestock Entry Books: <https://www.indianastatefair.com/p/livestock-new/4-h-competitions-entry-information>
- Exhibitors' Corner: <https://exhibitorscorner.indianastatefair.com/>
- Livestock FAQs & New Rules: <https://www.indianastatefair.com/p/livestock-new/livestock-faqs>

When completing your State Fair entry through Exhibitors' Corner, please use the same family email address as what you use for Indiana 4-HOnline. That is the only way that your animal data will sync to your ISF Exhibitors' Corner account.

4-H members that wish to participate in the State Fair are responsible for completing the required entry form and paying the entry fees. The Extension Office is not responsible for any animal project entries.

Sincerely,

*Kendell Matheney*
