*Activity # 1*

- T or F 1. You should lead your calf from the right side.
- T or F 2. Warts are caused by the animal touching frogs and toads.
- T or F 3. The first sign of an animal getting pink eye is they eyeball turning pink.
- T or F 4. An animal doesn't need any form of identification to exhibit at the county fair.
- T or F 5. Cattle commonly kick forward and out to the side.
- T or F 6. There are internal and external parasites.
- T or F 7. Ringworm cannot be transferred from calves to humans.
- T or F 8. The estrous cycle for a heifer repeats every 18 to 21 days until she is bred.
- T or F 9. Gestation for cattle is about 8 months.
- T or F 10. Cattle have a 3 compartment stomach.
