

# Indiana Master Cattleman Program

The Indiana Master Cattleman program is designed to assist beef cattle producers improve profitability through an increase in production efficiency, forage utilization, reproductive success, genetic selection, herd health, and business management. This advanced, in-depth educational experience offers beef cattle producers the opportunity to take their operations to the next level.

Each participant (or farm, if there are additional registrants) will receive the Indiana Master Cattleman educational materials, a Forage Field Guide, *Cow-Calf Production in the U.S. Corn Belt*, and soil and hay analyses.

## Master Cattleman certified producers will:

- ◇ Develop a business plan
- ◇ Perform a cow-herd assessment and set goals
- ◇ Improve marketing strategies
- ◇ Improve nutrition, forage management, reproduction, and genetics programs
- ◇ Participate in exclusive hands-on field days
- ◇ Network with other Indiana beef producers and industry professional
