BEGINNING FARMER

VIRTUAL PROGRAM

FARM RESOURCE PLANNING FOR THE SMALL-SCALE AND MARKET FARMER VIRTUAL VIA ZOOM

The goal of this 8-session program is to help new and beginning farmers find success through creation a practical action plan. The program helps farmers set goals, identify assets and challenges, and become aware of outside assistance and resources that can lead them towards a successful farming operation. Each participant will be encouraged to explore outside resources and supplemental materials presented in the class as well as other resources shared by classmates.

Participants will be provided with a digital copy of the Beginning Farmer workbook.
