EXTENSION**

## About Purdue Extension

Since 1914, Purdue Extension has helped Indiana build vibrant communities, strong families and profitable businesses on Main Streets and at farm gates. Campus specialists and educators in all 92 counties collaborate to empower millions with expert information and local educational programs.

Funded by a unique partnership of federal, state and county government, Purdue Extension addresses the following program areas:

- Agriculture & Natural Resources
- Community Development
- Health & Human Sciences
- Indiana 4-H Youth Development

## A Cache of Info for CFOs

Indiana confined feeding operations (CFOs) operate under a diverse set of county and state regulations. To keep lawmakers, industry leaders, and concerned citizens up to date, Paul Ebner, associate professor of animal sciences and Purdue Extension Specialist, and postdoctoral researcher Yingying Hong have created a website for the latest CFO rules and scientific research.

"A lot of the information on CFOs — what they are, how they are regulated — is pretty straightforward," Ebner says. "In some cases, though, we explain, 'Here is the research we have right now and what we know, and here are the conclusions we can draw.'"

*Read more about this and other successes at [extension.purdue.edu/annualreport](http://extension.purdue.edu/annualreport)*
