

Doing Home Canning Right!

Thurs., July 15 – Boiling Water Bath
Thurs., July 22 – Pressure Canning

Home canning has grown in popularity, but the methods you may remember “Grandma” using **may not be** what we know to be the best practices now and may not even be safe!

Take time to learn the recommended research based methods and have hands on time to try them. Two classes will be offered by Purdue Extension with limited space available at **East High School, 230 S. Marr Rd. from 6-9 PM.**

For more information call the Purdue Extension Office – Bartholomew County, 812.379.1665 or email, armstrh@purdue.edu

Pre-registration is required one week prior to the scheduled workshop.
