GUIDELINES:

- Registration and container pick-up deadline is Tuesday, June 21, 2022 and will take place at the Purdue Extension Elkhart County office.
- One container will be provided per club. **Containers and their plantings will remain the property of the 4-H fairgrounds following the fair, and will be used to decorate various locations around the fairgrounds after the fair is over.** Therefore, you should not plan on using materials in your container that you wish to keep.
- **Container check-in will be Thursday, July 21, 2022 between 8 a.m. and 4:30 p.m.** Clubs will check-in at the Purdue Extension Elkhart County office where they will be directed to place their container in an area designated with a flag/stake and located south of the ECCC.
- **After the fair is over DO NOT remove or put your containers in storage on the fairgrounds.** They will be picked up by staff and all stored in the same location, to be ready for distribution the following year.
- Containers will be watered before and during the fair, but it is the responsibility of each club to maintain the plantings within the container.
- A combination of shrubs, perennials, herbs and annuals may be used, or a single plant is acceptable and should be planted in soil. Please refrain from purchasing an arrangement from a professional landscape or nursery.
- Accents other than live plantings should be kept to a minimum. The Elkhart County Fairgrounds retains the right to remove any decorations they determine may distract from the container.
