

HEALTHWISE FOR GUYS Webinar Series

SKIN CANCER

Plants need plenty of sun to grow and thrive. Not so for people who can develop skin cancer from too much sun. Almost twice as many men die from melanomas than women. Learn tips to reduce your risk for skin cancer. Join us virtually on June 10th at 11:00AM EST. RSVP at <http://bit.ly/June2021-HealthwiseforGuys>

Purdue Extension Elkhart County
17746 County Road 34 Ste E
Goshen, IN 46528
<https://extension.purdue.edu/Elkhart>

To RSVP or if you have questions, call [574-533-0554](tel:574-533-0554) or email fink24@purdue.edu as space is limited. All classes are free and in-person at the Extension Office on the Elkhart County 4-H Fairgrounds, unless noted otherwise with a fee, "virtual", or at another location. Facemasks are required to be worn while inside the building. Social distancing will be in place.

COLON CANCER

Colorectal cancer is the third leading cause of cancer-related deaths in the United States. Learn about risk factors, symptoms, tests, and treatments for colorectal cancer. Join us virtually on June 17th at 11:00am EST. RSVP at <http://bit.ly/June2021-HealthwiseforGuys>

PROSTATE CANCER

Prostate cancer is the most common cancer among men after skin cancer. However, it can often be treated successfully. Find out all about prostate cancer including risk factors, symptoms, how it is found, and how it is treated. Join us virtually on June 24th at 11:00am EST. RSVP at <http://bit.ly/June2021-HealthwiseforGuys>

DAIRY: GOOD FOR THE GUT!

June is National Dairy Month! Join us for a free webinar and learn about dairy food products and their safety implications. Registered Dietitian and Extension Educator Abbi Sampson will discuss ways to incorporate dairy into your diet. Join us virtually on June 7th at 12:00pm EST. RSVP at <https://tinyurl.com/WIAWebinars21>
