

TRACTOR-County & State Fair Project

State Fair Exhibits may total 4, one from each level.

A completed record sheet signed by your 4-H Leader **must** be presented, along with your exhibit, at project check-in at the fair.

This project is divided into four levels according to the following breakdown:

Level A	Grades 3 & 4	Level C	Grades 7, 8, & 9
Level B	Grades 5 & 6	Level D	Grades 10 and above

General Rules

1. All posters must be 22" x 28", exhibited horizontally, must have a firm backing and a transparent covering.
2. Place a small label in the lower right hand corner of posters, notebooks and displays, with the following information: Name, Grade/Age, Club, Project and Level.
3. Refer to "How To Prepare A Poster Project" in this handbook for details on preparing posters.
4. Display boards differ from posters in that real objects are normally used, rather than drawings or pictures. Three-dimensional items are attached to the board.
5. **It is recommended/suggested that all posters, notebooks, and display boards include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or display board, be the last page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed or a lack thereof.**
6. Tractor project members may also complete the project by participating in the Petroleum Power Operators' Contest.

General Rules for Interactive Demonstrations

1. Interactive demonstrations may be given on any topic related to the Tractor project and will be presented at an appointed time during the 4-H Fair.
2. Refer to "Verbal Communication Events and Activities" in this handbook for details.
