

VETERINARY SCIENCE-County & State Fair Project

There will be three State Fair exhibits for this project: One entry from each level.
A completed record sheet signed by your 4-H leader **must** be presented, along with your exhibit, at project check-in at the fair.

This project is divided into three levels according to the following breakdown:

Level 1	Grades 3, 4, & 5
Level 2	Grades 6, 7, & 8
Level 3	Grades 9 and Above

General Rules

1. 4-H Veterinary Science exhibits should be educational in nature. An educational exhibit is one that will teach other people about your topic. Choose a topic you think is interesting and apply your imagination.
2. All 4-H members developing Veterinary Science 4-H Fair exhibits should consult with their 4-H Veterinary Science leaders for further details, helpful ideas, and additional sources for reference.
3. Posters must be 22" x 28", exhibited horizontally, must have a firm backing and be covered in clear plastic or other transparent material.
4. Place a small label in the lower right hand corner of poster with the following information: Name, Grade/Age, Club, Project, and Level.
5. Refer to "How To Prepare A Poster Project" in this handbook for more details on preparing posters.
6. **It is recommended/suggested that all posters, notebooks, and display boards include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or display board, be the last page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed or a lack thereof.**

Exhibit Requirements

Level 1 (Grades 3-5) Do one of the following:

1. Exhibit a poster related to any topic covered in Chapters 1, 2, or 3 in the Level 1 Manual.
2. Do an interactive demonstration.

Level 2 (Grades 6-8) Do one of the following:

1. Exhibit a poster, display, or quiz board related to any topic covered in Chapters 1, 2, or 3 in the Level 2 Manual. Display or quiz board should be no larger than 36" x 36" x 36".
2. Do an interactive demonstration.

Level 3 (Grades 9 and Above) Do one of the following:

1. Develop and assemble a teaching aid.
2. Develop a project in conjunction with a veterinarian. Display the project with a report of the results, recommendations, findings, and conclusions.
3. Write a one page outline of a workshop or demonstration you presented.
4. Do an interactive demonstration.

Manuals: Level 1 BU 8048 Level 2 BU 8049 Level 3 BU 8050

Record sheet: C4-H 638a used for all levels.
