Last Year Member Spotlight

Amsi Cory

As a 10 year member, Amsi has been involved with sheep, chickens, dairy steers, dairy feeder steers, and arts and crafts. She has enjoyed all 10 years in 4-H and will really miss it. For her plans following 4-H, Amsi plans on attending IU in the fall to study Political Science.

Last Year Member Spotlight

JASPER CARTER

After 4-H Jasper plans to pursue a career as an industrial millwright, and has plans to raise dairy steers. This is a project he first began as an 4-H project.

Volunteer Spotlight

Jo Ellen Lengacher

Jo Ellen was a 10 year member in Henry County. She had an amazing local club leader (her leader served for 49 years!) and county staff who encouraged her to get involved on a state level and to work for two summers as an extension intern in college. When her kids were old enough to join 4-H, a good friend invited her to help with Clover Power 4-H club, and the rest is history. Jo Ellen loves the hands-on learning and all the opportunities for character and leadership growth that 4-H provides.

Volunteer Spotlight

Paul Gentry

Paul grew up in Johnson County and was a 10-year 4-Her. He loves the organization and wanted to be part of giving the 4-H experience back to others. Thanks to the mentorship of some Fair board members, Paul got involved in volunteering in the goat barn and then on the grounds. In 2017, he was elected to the Fair board himself; and has been in charge of grounds, buildings, & golf carts over the years. His favorite part of the fair is getting to spend the week with his "fair-family". Being a volunteer at the Johnson County Fair is something he is very proud of & looks forward to continuing for many years to come!
